# Notes to Interim Condensed Consolidated Financial Statements

Three and six months ended June 30, 2021 and 2020 (Unaudited)

(In thousands of Canadian dollars, except unit and per unit amounts)

# Note 1. Organization

Artis Real Estate Investment Trust (the "REIT") is an unincorporated closed-end real estate investment trust created under, and governed by, the laws of the Province of Manitoba. The REIT was created pursuant to the Declaration of Trust dated November 8, 2004, as most recently amended and restated on May 21, 2021 (the "Declaration of Trust"). The purpose of the REIT is to directly, or indirectly, own, manage, lease and (where appropriate) develop primarily industrial, office and retail properties in Canada and the United States (the "U.S."). The registered office of the REIT is 600 - 220 Portage Avenue, Winnipeg, Manitoba, R3C 0A5.

The Declaration of Trust provides that the REIT may make cash distributions to unitholders of the REIT. The amount distributed annually (currently \$0.60 per common unit, \$1.4155 per Series A Unit, \$1.3680 per Series E Unit and \$1.50 per Series I Unit) is set by the Board of Trustees.

On March 10, 2021, the REIT announced a business transformation plan that will shift the REIT from a diversified real estate investment trust to an organization focused on growth in net asset value per unit and distributions through value investing in real estate (the "Business Transformation Plan").

# Note 2. Significant accounting policies

#### (a) Basis of presentation and measurement:

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting. Accordingly, certain information and note disclosures normally included in annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS") have been omitted or condensed.

These interim condensed consolidated financial statements have been prepared using the same accounting policies and methods as those used in the consolidated financial statements for the year ended December 31, 2020, except for those policies and standards adopted as described in note 2 (b), (c) and (e). The REIT has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. These interim condensed consolidated financial statements have been prepared on a going concern basis and have been presented in Canadian dollars rounded to the nearest thousand dollars unless otherwise indicated.

These interim condensed consolidated financial statements should be read in conjunction with the REIT's consolidated financial statements for the year ended December 31, 2020.

### (b) Investments in associates:

An associate is an entity over which the REIT has significant influence. Significant influence is the power to participate in an entity's financial and operating policy decisions but there is no joint control over the investment.

The REIT's interests in associates are accounted for using the equity method. The investment in associates is initially measured at cost at the date of acquisition and adjusted thereafter for the REIT's share of changes in its net assets, less distributions received and any identified impairment loss. The REIT's share of the profit or loss from its investments in associates is recognized in profit or loss for the period.

# (c) Investments in equity securities:

Regular way purchases and sales of equity securities are recognized using the trade date, which is the date that the REIT commits itself to purchase or sell the equity securities. Investments in equity securities are measured at fair value at initial recognition. The REIT classifies and subsequently measures its investments in equity securities at fair value through profit and loss. Distributions from equity securities are recognized in the period the distributions are declared.

# (d) Use of estimates and judgments:

The preparation of the interim condensed consolidated financial statements requires management to make estimates, assumptions and judgments that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The critical accounting estimates and judgments have been set out in note 2 to the REIT's consolidated financial statements for the year ended December 31, 2020. There have been no changes to the critical accounting estimates and judgments during the six months ended June 30, 2021.

### (e) New or revised accounting standards adopted during the period:

Interest Rate Benchmark Reform - Phase 2 Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 address issues that might affect financial reporting after the reform of an interest rate benchmark, including its replacement with alternative benchmark rates. For financial instruments at amortized cost, the amendments introduce a practical expedient such that if a change in the contractual cash flows is as a result of inter-bank offered rate ("IBOR") reform and occurs on an economically equivalent basis, the change will be accounted for by updating the effective interest rate with no immediate gain or loss recognized.

As at June 30, 2021, the REIT had variable rate debt and interest rate swaps linked to US dollar LIBOR ("USD LIBOR") as follows:

	June 30, 2021
Financial liabilities:	
Mortgages and loans payable (1)	\$ 640,732
Credit facilities (1)	406,399
Interest rate swaps <sup>(2)</sup>	7,517
	\$ 1,054,648

<sup>(1)</sup> Mortgages and loans payable and credit facilities are disclosed at the outstanding balances as at June 30, 2021.

The publication of the overnight and 1, 3, 6 and 12-month USD LIBOR is expected to cease after June 30, 2023. All of the REIT's LIBOR-linked financial instruments have not yet been transitioned to an alternative interest rate benchmark. The majority of these financial instruments have terms ending before June 30, 2023. Management has begun general communications with debt and swap counterparties and will continue to monitor market developments as the USD LIBOR transition date approaches.

Additional interest rate risk may arise from the transition if the REIT is not able to negotiate with counterparties to obtain the appropriate debt financing with variable rates and/or interest rate swaps to implement its interest rate risk management strategy.

The interest rate swaps are not designated in a hedging relationship. These amendments had no impact on the interim condensed consolidated financial statements. The REIT intends to use the practical expedient in future periods as it becomes applicable.

# Note 3. Acquisitions and dispositions of investment properties

#### Acquisitions:

On January 26, 2021, the REIT acquired an additional 5% interest in Park 8Ninety IV, an industrial property located in the Greater Houston Area, Texas. Prior to the acquisition date, the REIT owned 95% of this investment property and the property was classified as joint venture and accounted for using the equity method. As a result of this acquisition, the REIT owns 100% of the property and accounts for it on a consolidated basis. The REIT accounted for this acquisition as a step acquisition and remeasured its existing 95% interests to fair value at the acquisition date.

On May 7, 2021, the REIT acquired a parcel of industrial development land in the Twin Cities Area, Minnesota.

The REIT did not acquire any properties during the six months ended June 30, 2020.

<sup>(2)</sup> Interest rate swaps are disclosed at the fair values as at June 30, 2021.

The acquisitions have been accounted for using the acquisition method, with the results of operations included in the REIT's accounts from the date of acquisition. The net assets acquired, excluding the acquisitions of equity accounted investments, were as follows:

# Dispositions:

The REIT disposed of the following properties during the six months ended June 30, 2021:

Property	Property count	Location	Disposition date	Asset class
Signal Centre <sup>(1)</sup>	_	Fort McMurray, AB	April 12, 2021	Retail
Victoria Square Retail Portfolio	2	Regina, SK	April 15, 2021	Retail
Fleet Street Crossing	1	Regina, SK	April 28, 2021	Retail
Sierra Place	1	Calgary, AB	May 4, 2021	Office

<sup>(1)</sup> Signal Centre was comprised of two parcels of land with two buildings on each respective parcel. On April 12, 2021, the REIT sold one of these parcels.

The cash proceeds received from the sale of the above properties, net of costs and related debt, were \$44,166. The assets and liabilities associated with the properties were derecognized.

The REIT disposed of the following properties during the six months ended June 30, 2020:

Property	Property count	Location	Disposition date	Asset class
Centre 15 Building	1	Calgary, AB	January 21, 2020	Office
Calgary Office Portfolio (1)	2	Calgary, AB	January 30, 2020	Office
800 5th Avenue	1	Calgary, AB	January 31, 2020	Office
1165 Kenaston Street	1	Ottawa, ON	March 31, 2020	Office

<sup>(1)</sup> Disposition includes a parcel of development land.

On January 24, 2020, the REIT contributed a parcel of industrial development land located in the Greater Houston Area, Texas to the Park 8Ninety IV joint venture arrangement. The co-owner's share of the parcel of land was recorded as a disposition.

The cash proceeds received from the sale of the above properties, net of costs and related debt, were \$81,868. In conjunction with the sale of 800 5th Avenue, the REIT also received a note receivable, in the amount of \$10,000, secured by the property. The assets and liabilities associated with the properties were derecognized.

<sup>(1)</sup> During the year ended December 31, 2020, interest was capitalized to investment properties under development at a weighted-average effective interest rate of 2.59%.

<sup>(2)</sup> During the six months ended June 30, 2021, interest was capitalized to investment properties under development at a weighted-average effective interest rate of 1.98%.

<sup>(3)</sup> During the six months ended June 30, 2021, the REIT contributed capitalized development expenditures to Park Lucero East, an equity accounted associate.

<sup>(2)</sup> On January 24, 2020, the REIT contributed land under development to Park 8Ninety IV, a joint venture arrangement.

<sup>(3)</sup> On October 20, 2020, the REIT contributed land under development to Park 8Ninety V, a joint venture arrangement.

Marwest Construction Ltd. ("Marwest") is a significant vendor contracted for capital projects and tenant inducements. The REIT's former President and Chief Executive Officer (retired effective December 31, 2020) is the sole director (not a beneficial shareholder) of a company that has a non-controlling ownership interest in Marwest.

Costs paid and accrued to Marwest include the following:

	Six months ended June 30, 2021	Year ended December 31, 202		
Capital expenditures Tenant inducement additions	\$ 29,689 722	\$	63,831 4,118	
	\$ 30,411	\$	67,949	

For the six months ended June 30, 2021, capital expenditures paid and accrued to Marwest included \$28,184 (year ended December 31, 2020, \$54,846) relating to the 300 Main and 330 Main commercial and residential/multi-family development projects located in Winnipeg, Manitoba. Included in the costs paid and accrued to Marwest were construction management fees of \$995 and labour costs of \$2,538 for the six months ended June 30, 2021 (year ended December 31, 2020, \$2,146 and \$4,997, respectively).

At June 30, 2021, investment properties under development included the 300 Main development project with a carrying value of \$147,211 (December 31, 2020, \$130,291). Estimation of the fair value of investment properties under development is subject to uncertainty due to development risks including development costs exceeding original estimates, construction or other unforeseen timing delays and leasing on a timely basis or at anticipated rates upon completion.

The REIT had 30 industrial, six office and three retail properties classified as investment properties held for sale that were actively marketed for sale or under unconditional sale agreements at June 30, 2021 (December 31, 2020, two office and two retail properties). The properties held for sale had an aggregate mortgage payable balance of \$43,756 at June 30, 2021 (December 31, 2020, \$16,133). This balance is not accounted for as held for sale but is included in current liabilities as the REIT intends to repay or have the purchaser assume the mortgages upon disposition of the related investment properties.

Investment properties include right-of-use assets held under a lease with an aggregate fair value of \$12,933 at June 30, 2021 (December 31, 2020, \$12,955). The lease payments required under this lease were fully paid at the time of acquisition of the property.

At June 30, 2021, investment properties with a fair value of \$2,312,944 (December 31, 2020, \$2,645,834) were pledged as security under mortgage agreements.

The REIT obtains external valuations for a selection of properties representing various geographical regions and asset classes across its portfolio. For the six months ended June 30, 2021, properties (including the REIT's ownership interest in properties held in equity accounted investments) with an appraised value of \$467,889 (year ended December 31, 2020, \$916,550), were appraised by qualified external valuation professionals. The REIT uses similar assumptions and valuation techniques in its internal valuations as used by the external valuation professionals. Internal valuations are performed by the REIT's valuations team who report directly to the Chief Financial Officer. The valuations processes and results are reviewed by management on a quarterly basis.

The REIT determines the fair value of investment properties based upon either the discounted cash flow method or the overall capitalization method. Under the discounted cash flow method, expected future cash flows are discounted using an appropriate rate based on the risk of the property. Expected future cash flows for each investment property are based upon, but not limited to, rental income from current leases, budgeted and actual expenses, and assumptions about rental income from future leases. The REIT uses leasing history, market reports, tenant profiles and building assessments, among other things, in determining the most appropriate assumptions. Discount and capitalization rates are estimated using market surveys, available appraisals and market comparables. Under the overall capitalization method, year one net income is stabilized and capitalized at a rate appropriate for each investment property. The stabilized net income incorporates allowances for vacancy, management fees and structural repair reserves. The resulting capitalized value is further adjusted, where appropriate, for costs to stabilize the net income and non-recoverable capital expenditures. There were no changes to the REIT's internal valuation methodology during the six months ended June 30, 2021 and year ended December 31, 2020.

A change in the discount or capitalization rates used could have a material impact on the fair value of the REIT's investment properties. When discount or capitalization rates compress, the estimated fair values of investment properties increase. When discount or capitalization rates expand, the estimated fair values of investment properties decrease.

A change in estimated future rental income and expenses could have a material impact on the fair value of the REIT's investment properties. Estimated rental income and expenses are affected by, but not limited to, changes in rent and expense growth and occupancy rates.

Emergency measures enacted by governments in response to the COVID-19 pandemic, including travel restrictions, physical distancing and the temporary closure of non-essential businesses, have created significant estimation uncertainty in the determination of the fair value of investment properties as at June 30, 2021. The REIT has made assumptions with respect to the duration and severity of these emergency measures as well as the duration of the subsequent economic recovery in estimating the amount and timing of future cash flows generated from investment properties and used in the determination of fair value. As a result of this significant estimation uncertainty there is a risk that the assumptions used to determine fair values as at June 30, 2021 may change as more information becomes available, resulting in a material adjustment to the fair value of investment properties in future reporting periods.

Under the fair value hierarchy, the fair value of the REIT's investment properties is considered a Level 3, as described in note 23.

The REIT has used the following rates and investment horizons in estimating the fair value of investment properties:

<sup>(1)</sup> During the six months ended June 30, 2021, the REIT increased its ownership interest in this property to 100%. See note 3 for further information.

During the six months ended June 30, 2021, the REIT entered into a new arrangement, Park Lucero East, an industrial development project in the Greater Phoenix Area, Arizona. The REIT has determined this to be an investment in associate as the REIT does not have joint control but has significant influence over the investment by virtue of having control over the general partner of the limited partnership. Park Lucero East acquired a parcel of industrial development land and the REIT's share of the purchase price was \$1,229.

During the six months ended June 30, 2021, the REIT contributed \$10,849 to Park 8Ninety V, Park Lucero East, Park 8Ninety IV, Park 8Ninety II and Corridor Park equity accounted investments.

On February 9, 2021, the Tower Business Center joint venture disposed of its investment property and the REIT's share of the proceeds, net of costs and related debt, were \$39,285.

The REIT is contingently liable for the obligations of certain joint ventures, associate and joint operations. As at June 30, 2021, the co-owners' share of mortgage liabilities was \$27,986 (December 31, 2020, \$34,299). Management believes that the assets available from its joint ventures, associate and joint operations are sufficient for the purpose of satisfying such obligations.

Summarized financial information of the REIT's share in its equity accounted investments is as follows:

# Note 6. Inventory properties

The changes to the REIT's inventory properties were as follows:

	June 30, 2021	Ded	cember 31, 2020
Balance, beginning of period	\$ 15,060	\$	14,632
Capital expenditures	9		285

Balance, end of period	\$ 1,757	\$	15,060

<sup>(1)</sup> During the year ended December 31, 2020, interest was capitalized at a weighted-average effective interest rate of 2.62%.

Inventory properties include an industrial property that was converted into commercial condominium units. In January 2021, a condominium corporation was registered for this property. As at June 30, 2021, 18 units were sold for aggregate consideration of \$15,226 and three units remained in inventory.

Note 7. Accounts receivable and other receivables

Due to government-mandated capacity restrictions and temporary closures of certain non-essential businesses throughout the course of the COVID-19 pandemic, a number of tenants had to limit operations. Deferred rents receivable represent rents deferred for certain qualifying tenants with 99.2% of the repayment terms ending on or before December 31, 2022.

Refer to note 22 for further discussion on credit risk and allowance for doubtful accounts.

Note 8. Mortgages and loans payable

Non-current portion	\$ 963,525	\$	868,396

Certain of the REIT's investment properties have been pledged as security under mortgages and other security agreements. As at June 30, 2021, 37.4% of the REIT's mortgages and loans payable bear interest at fixed rates (December 31, 2020, 31.8%), and a further 36.7% of the REIT's mortgages and loans payable bear interest at variable rates with interest rate swaps in place (December 31, 2020, 37.1%). The weighted-average effective rate on all mortgages and loans payable was 3.19% and the weighted-average nominal rate was 2.98% at June 30, 2021 (December 31, 2020, 3.23% and 3.03%, respectively). Maturity dates range from July 30, 2021 to June 1, 2031.

The REIT's mortgage providers have various financial covenants. The REIT monitors these covenants, which are primarily debt service coverage ratios. Mortgages and loans payable with maturities within 12 months or are payable on demand as a result of a financial covenant breach are classified as current liabilities.

#### Note 9. Senior unsecured debentures

Particulars of the REIT's outstanding senior unsecured debentures are as follows:

Senior unsecured debenture issue		Issue date M		Maturity date			Applicable interest rate			
Series D		Sep	tembe	r 18, 2020	Sept	tember 18, 2023 3.824				
		Face value		mortized financing costs		Carrying value		Current portion	N	on-current portion

On February 22, 2021, upon maturity, the REIT repaid the outstanding face value of the Series C senior unsecured debentures in the amount of \$250,000.

On September 18, 2020, the REIT issued 3.824% Series D senior unsecured debentures for gross proceeds of \$250,000. Interest is payable semi-annually on September 18 and March 18 in each year. These debentures are redeemable, at the option of the REIT, at a price equal to the greater of (i) the Canada Yield Price (as defined in the supplemental indenture) and (ii) par. The debentures rank equally with all other indebtedness of the REIT.

On February 7, 2020, upon maturity, the REIT repaid the outstanding face value of the Series B senior unsecured debentures in the amount of \$200,000.

During the three and six months ended June 30, 2021, financing cost amortization of \$90 and \$242 (2020, \$137 and \$312) was recorded.

Interest expense on the senior unsecured debentures is determined by applying the effective interest rate to the outstanding liability balance. The difference between actual cash interest payments and interest expense is an accretion to the liability.

In accordance with the Series D senior unsecured debenture supplemental indenture, the REIT must maintain various financial covenants. As at June 30, 2021, the REIT was in compliance with these requirements.

# Note 10. Credit facilities

The REIT has unsecured revolving term credit facilities in the aggregate amount of \$700,000, which can be utilized for general corporate and working capital purposes, short-term financing of investment property acquisitions and the issuance of letters of credit. The REIT can draw on the facilities in Canadian or US dollars.

In 2020, the REIT entered into a two-year unsecured non-revolving term credit facility agreement in the amount of \$200,000. In 2017, the REIT entered into two five-year unsecured non-revolving term credit facility agreements in the aggregate amount of \$300,000. All non-revolving credit facilities can be utilized for general corporate and working capital purposes, property acquisitions and development financing.

The REIT's unsecured credit facilities are summarized as follows:

		Ju	ıne 30, 2021	Decemb	oer 31, 2020

Non-current portion		\$ 404,815		\$ 529,087		

<sup>(1)</sup> Under the terms of the revolving credit facilities, the REIT must maintain a minimum unencumbered property assets to consolidated unsecured indebtedness ratio of 1.4. As at June 30, 2021, this covenant does not limit the total borrowing capacity of the revolving credit facilities (December 31, 2020, limited to \$388,163).

For purposes of the credit facilities, the REIT must maintain various financial covenants. As at June 30, 2021, the REIT was in compliance with these requirements.

# Note 11. Unitholders' equity

# (a) Common units:

# (i) Authorized:

In accordance with the Declaration of Trust, the REIT may issue an unlimited number of common units, with each unit representing an equal undivided interest in any distributions from the REIT and in the net assets in the event of termination or wind-up of the REIT. All units are of the same class with equal rights and restrictions.

<sup>(2)</sup> The REIT has entered into interest rate swaps on the non-revolving credit facilities.

The REIT may redeem the Series A, Series E or Series I Units on the respective distribution rate reset date and every five years thereafter. The holders of the Series A, Series E and Series I Units have the right to reclassify their Units into Series B, Series F and Series J Units, respectively, on the distribution rate reset date and every five years thereafter.

The Series A Units, Series E Units and Series I Units rank equally with each other and with the outstanding Series B Units, Series F Units and Series J Units into which they may be reclassified, and rank in priority to the trust units.

### (c) Normal course issuer bid:

On December 15, 2020, the REIT announced that the Toronto Stock Exchange ("TSX") approved the renewal of its normal course issuer bid ("NCIB"). Under the renewed bid, the REIT has the ability to purchase for cancellation up to a maximum of 10% of the REIT's public float of common units and preferred units as at December 7, 2020 as follows:

	Public float	10% of public float
Common units	101,603,961	10,160,396
Preferred unit series:		
Series A	3,361,200	336,120
Series E	3,797,730	379,773
Series I	4,865,540	486,554

Purchases will be made at market prices through the facilities of the TSX and/or alternative Canadian trading systems and all common units and preferred units acquired by the REIT under this bid will be cancelled. This bid will remain in effect until the earlier of December 16, 2021, or the date on which the REIT has purchased the maximum number of units permitted under the bid. During the six months ended June 30, 2021, the REIT acquired 5,121,204 common units at market prices aggregating \$55,780, resulting in contributed surplus of \$10,955, which was the excess of stated capital over redemption proceeds. During the six months ended June 30, 2021, the REIT also acquired 35,800 and 33,744 Series A and E Units, respectively, at market prices aggregating \$1,573, resulting in contributed surplus of \$94, which was the excess of stated capital over redemption proceeds.

During the year ended December 31, 2020, the REIT acquired 3,727,716 common units at market prices aggregating \$33,442, resulting in contributed surplus of \$15,159, which was the excess of stated capital over redemption proceeds. During the year ended December 31, 2020, the REIT also acquired 31,100, 45,802 and 34,460 Series A, E and I Units, respectively, at market prices aggregating \$1,850, resulting in contributed surplus of \$832, which was the excess of stated capital over redemption proceeds.

# Note 16. Income taxes

# (a) Canadian taxes:

The REIT currently qualifies as a mutual fund trust and a real estate investment trust ("REIT") for Canadian income tax purposes. Under current tax legislation, income distributed annually by the REIT to unitholders is a deduction in the calculation of its taxable income. As the REIT intends to distribute all of its taxable income to its unitholders, the REIT does not record a provision for current Canadian income taxes.

#### (b) U.S. taxes:

The REIT's U.S. properties are owned by subsidiaries that are REITs for U.S. income tax purposes. These subsidiaries intend to distribute all of their U.S. taxable income to Canada and are entitled to deduct such distributions for U.S. income tax purposes. As a result, the REIT does not record a provision for current federal U.S. income taxes on the taxable income earned by these subsidiaries. These U.S. subsidiaries are subject to certain state taxes and a 30% to 35% withholding tax on distributions to Canada. Any withholding taxes paid are recorded with the related distributions.

The REIT is subject to federal and state taxation in the U.S. on the taxable income earned by its U.S. management subsidiary.

### Note 18. Related Party Transactions

Sandpiper Asset Management Inc. ("Sandpiper") is a related party by virtue of being a company under joint control of the President and Chief Executive Officer of the REIT.

Effective May 1, 2021, the REIT entered into a Space Sharing Licence Agreement with Sandpiper for use of certain office premises for an annual fee of \$130 inclusive of taxes. The agreement has a two-year term, with an automatic one-year extension unless terminated by either party upon written notice no later than 120 days before the end of the term or extension term.

Effective May 17, 2021, the REIT entered into a Services Agreement with Sandpiper to provide certain services to support the REIT's strategy, under the Business Transformation Plan, to acquire ownership positions in publicly-listed real estate entities. The annual fee payable to Sandpiper is 0.50% for years one to three, 0.40% for year four, and 0.30% for year five and thereafter, based on the net value of the investments made by the REIT pursuant to this agreement. The agreement continues until termination by either party upon 60-day written notice, or upon other specific circumstances. Under the Services Agreement, the REIT entered into a co-investment agreement with Sandpiper and other Sandpiper related entities (together "Sandpiper Entities") to make certain investments in the identified publicly-traded securities of a real estate entity on the basis of 50% of the aggregate investments by each of the REIT and Sandpiper Entities. The Sandpiper Entities are all under joint control of the President and Chief Executive Officer of the REIT.

Fees paid and accrued to Sandpiper were as follows:

### Note 19. Segmented information

The REIT owns and operates properties located in Canada and the U.S. These properties are managed and reported internally by country. Segmented information includes the REIT's equity accounted investments as presented using the proportionate share method. REIT income (expenses), including interest relating to senior unsecured debentures and credit facilities and fair value gain (loss) on financial instruments, have not been allocated to the segments.

### Note 20. Commitments, contingencies and guarantees

### (a) Unconditional sale agreement:

The REIT entered into an agreement to sell an industrial property located in Greater Toronto Area, Ontario, for a sale price of \$26,700, with expected closing in the third quarter of 2021.

#### (b) Letters of credit:

As at June 30, 2021, the REIT had issued letters of credit in the amount of \$75 (December 31, 2020, \$3,574).

# (c) Contingencies:

The REIT is contingently liable for a bond that has been provided to support an industrial development project in the amount of \$1,787 (December 31, 2020 - \$nil).

The REIT performs an assessment of legal and tax proceedings and claims which have occurred or could occur as a result of ongoing operations. In the opinion of management and based on the information available, any liability that may arise from such contingencies in excess of existing accruals would not have a material adverse effect on the interim condensed consolidated financial statements.

# (d) Guarantees:

At June 30, 2021, the REIT has guaranteed certain debt assumed by purchasers in connection with the dispositions of three properties (December 31, 2020, three properties). These guarantees will remain until the debt is modified, refinanced or extinguished. Credit risk arises in the event that the purchasers default on repayment of their debt since it is guaranteed by the REIT. This credit risk is mitigated as the REIT has recourse under these guarantees in the event of default by the purchasers, in which case the REIT would have a claim against the underlying properties. The estimated amount of debt subject to the guarantees at June 30, 2021 was \$52,674 (December 31, 2020, \$53,811), with an estimated weighted-average remaining term of 1.6 years (December 31, 2020, 2.1 years). No liabilities in excess of the fair values of the guarantees have been recognized in the interim condensed consolidated financial statements as the estimated fair values of the borrowers' interests in the underlying properties are greater than the mortgages payable for which the REIT provided the guarantees.

#### Note 21. Capital management

The REIT's objectives when managing capital are to safeguard the ability to continue as a going concern and to generate sufficient returns to provide unitholders with stable cash distributions. The REIT defines capital as mortgages and loans payable, senior unsecured debentures, credit facilities and unitholders' equity.

The REIT's Declaration of Trust permits the REIT to incur indebtedness, provided that after giving effect to incurring or assuming any indebtedness (as defined in the Declaration of Trust), the amount of such indebtedness of the REIT is not more than 70% of the gross book value of the REIT's total assets. Gross book value as defined in the Declaration of Trust includes the consolidated book value of the assets of the REIT, plus the amount of accumulated depreciation and amortization recorded in the books and records of the REIT, plus the amount of any deferred tax liability arising out of any indirect acquisitions, calculated in accordance with generally accepted accounting principles. As at June 30, 2021, the ratio of such indebtedness to gross book value was 47.5% (December 31, 2020, 49.3%), which complies with the requirement in the Declaration of Trust and is consistent with the REIT's objectives.

The total managed capital for the REIT is summarized below:

	Note	June 30, 2021	De	ecember 31, 2020
Mortgages and loans payable	8	\$ 1,172,208	\$	1,273,522

Unitholders' equity		2,482,941		2,333,897
		\$ 4,839,957	\$	4,730,799

### Note 22. Risk management

In the normal course of business, the REIT is exposed to a number of risks arising from its financial instruments. The most significant of these risks, and the actions taken to manage them, are as follows:

#### (a) Market risk:

# (i) Interest rate risk:

The REIT is exposed to interest rate risk on its borrowings. The Declaration of Trust restricts the REIT's indebtedness to 70% of the gross book value of the REIT's total assets. The REIT also monitors the amount of variable rate debt. The majority of REIT's debt financing is in fixed rate terms or variables rates with interest rate swaps in place. In addition, management considers the weighted-average term to maturity of long-term debt relative to the remaining average lease terms. At June 30, 2021, the REIT had variable rate debt, including credit facilities and debentures, of \$1,671,811 (December 31, 2020, \$1,495,281). At June 30, 2021, the REIT had entered into interest rate swaps to hedge the interest rate risk associated with \$931,514 of variable rate debt, including swaps on credit facilities (December 31, 2020, \$973,405).

# (ii) Foreign currency risk:

The REIT owns properties located in the U.S., and therefore, the REIT is subject to foreign currency fluctuations that may impact its financial position and results. In order to mitigate this risk, the REIT's debt on U.S. properties is held in US dollars to act as a natural hedge.

A \$0.10 weakening in the US dollar against the calculated average Canadian dollar exchange rate of 1.2257 and 1.2442 for the three and six months ended June 30, 2021, and the period end exchange rate of 1.2394 at June 30, 2021, would have increased net income by approximately \$41,360 for the three months ended June 30, 2021 and \$38,487 for the six months ended June 30, 2021. A \$0.10 weakening in the US dollar against the Canadian dollar would have increased other comprehensive loss by approximately \$117,868 for the three months ended June 30, 2021 and \$114,995 for the six months ended June 30, 2021. Conversely, a \$0.10 strengthening in the US dollar against the Canadian dollar would have had an equal but opposite effect. This analysis assumes that all variables, in particular interest rates, remain constant.

# (b) Credit risk:

The REIT's maximum exposure to credit risk is equivalent to the carrying value of each class of financial asset as separately presented in cash, cash held in trust, accounts receivable and other receivables, deposits on investment properties and notes receivable.

The REIT is exposed to credit risk as an owner of real estate in that tenants may become unable to pay the contracted rents. Management mitigates this risk by carrying out appropriate credit checks and related due diligence on the significant tenants. The REIT's properties are diversified across the industrial, office and retail asset classes, and geographically diversified with properties owned across five Canadian provinces and six U.S. states.

The REIT measures loss allowance for rents receivable at the lifetime expected credit losses. In determining the expected credit losses, the REIT takes into account the expectations of future defaults and rent abatements based on payment history, tenant communications and economic conditions, as well as the impact of COVID-19 on tenant's ability to pay. As part of this assessment, the REIT reviews individual tenant risk profiles given the impact on tenant operations of COVID-19 restrictions imposed by various levels of government. The government-imposed restrictions have the largest impact on the retail tenants. In an effort to support tenants adversely impacted by the pandemic, certain qualifying tenants were given the option to defer a portion of their rent, with an agreement to repay the deferred amount at a specified later date.

Included in property operating expenses are expected credit losses of \$91 and \$226 during the three and six months ended June 30, 2021 (three and six months ended June 30, 2020, \$2,806 and \$2,952).

The REIT is also exposed to credit risk as a holder of notes receivable. Management mitigates this risk by carrying out credit checks and related due diligence on the borrowers and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. In addition, management monitors ongoing repayments and evaluates market conditions that may affect debtors' ability to repay.

### (c) Liquidity risk:

Liquidity risk is the risk that the REIT will not be able to meet its financial obligations as they come due. The REIT manages liquidity risk by maintaining adequate cash and by having appropriate credit facilities available. In addition, the REIT continuously monitors and reviews both actual and forecasted cash flows.

The following are the estimated maturities of the REIT's financial liabilities at June 30, 2021 including accounts payable and other liabilities, lease liabilities, credit facilities, senior unsecured debentures and mortgages and loans payable. All debentures are disclosed at their face value.

9	Total	L	ess than. 1 year	1	- 3 years	4	- 5 years	After 5 years

#### Note 23. Fair value measurements

The REIT uses a three-level hierarchy that reflects the significance of the inputs used in making fair value measurements of its financial instruments and its investment properties. Level 1 of the fair value hierarchy uses quoted market prices in active markets for identical assets or liabilities to determine the fair value of assets and liabilities. Level 2 includes valuations using inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 valuations are based on inputs for the asset or liability that are not based on observable market data.

There were no transfers of assets or liabilities between hierarchy levels during the six months ended June 30, 2021 and the year ended December 31, 2020.

			June 30, 2021	Dece	ember 31, 2020

Derivative instruments	Level 2	14,484	14,484	22,792	22,792
		2,371,500	2,384,223	2,419,694	2,434,309
		\$ 2,336,884	\$ 2,324,562	\$ 2,133,837	\$ 2,119,807

The fair value of the REIT's accounts receivable and other receivables, cash held in trust, cash and accounts payable and other liabilities approximate their carrying amounts due to the relatively short periods to maturity of these financial instruments.

The fair value of the investments in equity securities has been determined based on the quoted price on the principal securities exchange on which the majority of the trading occurs.

The fair values of notes receivable, derivative instruments, mortgages and loans payable, senior unsecured debentures and credit facilities have been determined by discounting the cash flows of these financial instruments using period end market rates for instruments of similar terms and credit risks.

Derivative instruments primarily consist of interest rate and foreign currency swaps. The REIT entered into interest rate swaps on a number of mortgages and the non-revolving credit facilities. The swaps are not designated in a hedge relationship.

### Note 24. Subsequent events

The following events occurred subsequent to June 30, 2021:

- The REIT closed on the sale of 26 of the 28 properties in the GTA Industrial Portfolio, located in the Greater Toronto Area,
  Ontario, for a sale price of \$696,700. One of the remaining properties is expected to close in the third quarter of 2021 for
  a sale price of \$26,700 and the remaining property is no longer under a sale agreement.
- The REIT disposed of the King Edward Industrial Portfolio, comprised of two industrial properties located in Winnipeg, Manitoba, for a sale price of \$3,200.
- The REIT entered into an unconditional sale agreement to sell a portfolio comprised of two retail properties located in Regina, Saskatchewan for \$19,100 with expected closing in August 2021.
- The REIT entered into an unconditional sale agreement for one commercial condominium unit for a sale price of \$925 with anticipated closing in September 2021.
- The REIT repaid a mortgage for an office property in the amount of \$22,643 (US\$18,068).
- The REIT repaid a maturing mortgage for a retail property in the amount of \$38,081.
- The REIT provided cash collateral in the amount of \$15,900 to a lender for a mortgage previously secured by investment properties that were sold as part of the GTA Industrial Portfolio disposition.
- The REIT repaid a net balance of \$30,000 and \$304,325 (US\$242,900) on its revolving term credit facilities.
- The REIT purchased through the NCIB 1,795,712 common units at a weighted-average price of \$11.75, 6,400 Series A Units at a weighted-average price of \$23.83.
- The REIT purchased equity securities for an aggregate cost of \$12,244.
- The REIT declared a monthly cash distribution of \$0.05 per common unit for the month of July 2021.
- The REIT declared a quarterly cash distribution of \$0.3750 per Series I Unit for the three months ended July 31, 2021.

#### Note 25. Approval of financial statements

These interim condensed consolidated financial statements were approved by the Board of Trustees and authorized for issue on August 4, 2021.
