NON-GAAP MEASURES

In addition to reported IFRS measures, non-GAAP measures are commonly used by Canadian real estate investment trusts as an indicator of financial performance. “GAAP” means the generally accepted accounting principles described by the CPA Canada Handbook - Accounting, which are applicable as at the date on which any calculation using GAAP is to be made. Artis applies IFRS, which is the section of GAAP applicable to publicly accountable enterprises. These non-GAAP measures are not defined under IFRS and are not intended to represent operating profits for the period, or from a property, nor should any of these measures be viewed as an alternative to net income, cash flow from operations or other measures of financial performance calculated in accordance with IFRS. Readers should be further cautioned that non-GAAP measures as calculated by Artis may not be comparable to similar measures presented by other issuers. These non-GAAP financial measures are more fully defined and discussed in Artis’ MD&A as at and for the three months ended September 30, 2021, available at www.artisreit.com and on www.sedar.com

VISION AND STRATEGY

BACKGROUND

100-DAY REVIEW (NOVEMBER 30, 2020 TO MARCH 10, 2021)

On November 30, 2020, five trustees were replaced with highly qualified individuals who brought a broad range of experience and expertise to the Board of Trustees (the “Board”). The newly reconstituted Board commenced a comprehensive review of the REIT and committed to completing the review and announcing the results within 100 days. The Board engaged Sandpiper Group (“Sandpiper”) to lead the review at no cost to Artis.

THE OPPORTUNITY

Artis has significant opportunities for value enhancement and will focus on growth in NAV per unit and distributions

CONSIDERATIONS

- Artis trades at a significant discount to its \$17.45 IFRS NAV per unit
- It is widely known that diversified REITs are out of favour and real estate generally trades at dramatically lower valuations in the public markets versus private markets
- Accessing hard assets of quality and scale can be done indirectly through the public markets at discounted valuations

OBJECTIVES

The 100-day review contemplated a range of alternatives and permutations, ultimately concluding with a bold new vision and strategy to: **(1) bridge the value gap**; and **(2) drive long-term outperformance through NAV per unit and distribution growth**.

Bridging the value gap while building a best-in-class real estate entity with a clearly defined vision and strategy and long-term growth potential requires ingenuity and pursuit of an unconventional path.

ARTIS' **BOLD** NEW VISION

To build a best-in-class asset management and investment platform focused on growing NAV per unit and distributions for our investors through value investing in real estate

ARTIS' BUSINESS TRANSFORMATION PLAN

STRENGTHENING THE BALANCE SHEET TO PROVIDE SIGNIFICANT LIQUIDITY AND FLEXIBILITY

- Unlocking substantial value by monetizing a portion of Artis' institutional-grade industrial portfolio;
- Maximizing value of Artis' office and retail assets by improving operating performance and pursuing a measured, opportunistic and patient strategy for divestitures;
- Maintaining strong liquidity to capitalize on opportunities; and
- Maintaining low leverage and debt metrics within the DBRS defined parameters.

FOCUSING ON VALUE INVESTING BY IDENTIFYING REAL ESTATE OPPORTUNITIES THAT ARE MISPRICED, MISUNDERSTOOD OR MISMANAGED

- Identifying investments that are undervalued and can produce above average risk-adjusted returns over the medium-to-long term;
- Evaluating opportunistic investments that can be fixed or turned around;
- Acting as a catalyst to influence positive change; and
- Capitalizing on mispricing in the public markets.

DRIVING ORGANIC GROWTH

- Improving the income profile of assets to the highest potential;
- Developing a recurring, high-margin fee stream for management of assets through future joint ventures;
- Optimizing the value of existing properties through operational efficiencies; and
- Focusing on operating in a cost-efficient manner across the organization.

INSTITUTIONALIZING THE NEW PLATFORM

- Establishing an entrepreneurial culture that supports and promotes the execution of Artis' long-term vision and strategy;
- Continuously raising the bar for financial reporting and other disclosures;
- Developing a robust environmental, social and governance strategy;
- Enhancing the investor relations and communications program; and
- Rebranding – new name, new image, new future.

TIMELINE: ESTIMATING TWO-TO-THREE YEARS TO IMPLEMENT THE BUSINESS TRANSFORMATION PLAN

Artis intends to maintain its corporate operations headquartered in Winnipeg and will evaluate its satellite offices going forward based on geographical presence and ongoing job functions

ENVIRONMENTAL, SOCIAL & GOVERNANCE

Making ESG a focal point and establishing an ESG-minded culture

- Improving operating efficiencies by establishing sustainability targets (using Greenhouse Gas Protocols) with respect to achieving reductions in carbon pollution, energy consumption, water consumption and waste;
- Aligning a portion of performance-based compensation with achieving ESG targets;
- Establishing an internal ESG committee;
- Participating in GRESB with a focus on improving Artis' GRESB rating;
- Targeting LEED certification wherever possible and prioritizing sustainable design and components on all new ground-up development projects; and
- Publishing an annual ESG report and provide regular updates on our progress.
