BUSINESS OVERVIEW AND STRATEGY

Overview

Artis is a diversified Canadian real estate investment trust investing in industrial, office and retail properties. Since 2004, Artis has executed an aggressive but disciplined growth strategy, building a portfolio of commercial properties in British Columbia, Alberta, Saskatchewan, Manitoba, Ontario and select markets in the U.S. At December 31, 2021, Artis' commercial property comprises 156 properties totaling 17.9 million square feet of leasable area. Leasable area by asset class is approximately 48.8% industrial, 39.2% office and 12.0% retail. The portfolio by leasable area is located 10.8% in Alberta, 1.8% in British Columbia, 20.9% in Manitoba, 2.3% in Ontario, 3.1% in Saskatchewan, 9.7% in Arizona, 3.2% in Colorado, 31.6% in Minnesota, 0.7% in New York, 6.1% in Texas and 9.8% in Wisconsin.

BUSINESS TRANSFORMATION PLAN

On March 10, 2021, the REIT announced a new vision: to become a best-in-class real estate asset management and investment platform focused on growing NAV per unit and distributions for its investors through value investing. In conjunction with this announcement, the REIT unveiled a detailed strategy (the "Business Transformation Plan") to achieve its vision and to create Canada's pre-eminent asset management and investment platform, focused on value investing in real estate.

The Business Transformation Plan included the following key elements:

1. Strengthening the balance sheet to provide significant liquidity and flexibility
 - Unlocking value by monetizing a portion of Artis' institutional-grade industrial portfolio;
 - Maximizing value of Artis' office and retail assets by improving operating performance and pursuing a measured, opportunistic and patient strategy for divestitures;
 - Maintaining strong liquidity to capitalize on opportunities; and
 - Maintaining low leverage and debt metrics within the investment grade credit rating parameters defined by DBRS Morningstar.
2. Focusing on value investing by identifying real estate opportunities that are mispriced, misunderstood or mismanaged
 - Identifying investments that are undervalued with potential to produce above average risk-adjusted returns over the medium-to-long term;
 - Evaluating opportunistic investments that can be fixed or turned around;
 - Acting as a catalyst to influence positive change; and
 - Capitalizing on mispricing in the public markets.
3. Driving organic growth
 - Improving the income profile of assets to the highest potential;
 - Developing a recurring fee stream for management of assets through future joint arrangements;
 - Optimizing the value of existing properties through operational efficiencies; and
 - Focusing on operating in a cost-efficient manner across the organization.
4. Institutionalizing the new platform
 - Establishing an entrepreneurial culture that supports and promotes the execution of Artis' long-term vision and strategy;
 - Continuously raising the bar for financial reporting and other disclosures;
 - Developing a robust environmental, social and governance strategy;
 - Enhancing the investor relations and communications program; and
 - Rebranding – new name, new image, new future.

As part of the Business Transformation Plan, Artis confirmed it will become agnostic as to how it owns real estate and will embrace opportunism and the inefficiencies that the public markets provide, leveraging and capitalizing on opportunities that exist today or will surface in the future.

Artis will also seek to deploy capital into liquid, strategic investments in portfolio companies (i.e. undervalued public real estate entities) as well as high-conviction hard assets. The REIT will seek to drive performance both in its hard assets and portfolio companies through active management to generate ample operating cashflow for distributions while continually recycling excess capital over the long term. Additionally, Artis confirmed its intention to reduce its leverage and take an owner-centric approach to capital allocation that will build investor confidence and brand equity through execution and performance.

As a first step to the above, Artis began unlocking some of the trapped value in some of its hard real estate assets through the monetization of certain assets, including most of its industrial assets in the Greater Toronto Area for sale proceeds of \$724,300,000. This transaction represented a significant milestone in the implementation of the Business Transformation Plan.

Over the short-to-medium term, the REIT will evaluate the sale of a portion of its office and retail assets in an opportunistic and disciplined manner, with the goal of maximizing value on a tax-efficient basis. As with the sale of the industrial portfolio, this could take many forms. In 2021, Artis sold six office properties, six retail properties and a portion of a retail property for an aggregate sale price of \$131,115,000.

As Artis continues to divest partial or entire ownership positions as described above, the REIT will focus on improving its balance sheet while deploying some of the proceeds into new real estate investments including core cash-flowing hard assets, undervalued publicly traded real estate securities and value-add real estate acquisitions or developments. During 2021, Artis invested in equity securities in accordance with the Business Transformation Plan for an aggregate cost of \$71,866,251 and at December 31, 2021 has numerous ongoing development projects.

With respect to public real estate entities, Artis will seek to acquire meaningful and influential ownership positions in undervalued entities. The REIT's near-term focus will be on publicly listed Canadian real estate entities. Artis will unlock value in its portfolio companies through active management, which may include pursuing board representation and engaging constructively with boards and management teams of its portfolio companies to effectuate long-term value creation. Artis may serve as a catalyst for privatizations, merger and acquisition opportunities, strategic transformations, and operational and governance improvements for its portfolio companies, with a focus on maximizing value for the owners of Artis. In 2021, Artis announced its participation in an investor group to acquire Cominar Real Estate Investment Trust ("Cominar"), which closed subsequent to the end of the year.

The goal of the Business Transformation Plan is to generate meaningful long-term growth in NAV per unit and distributions by monetizing assets, strengthening the balance sheet and scaling-up through value investing. Artis will concentrate its ownership in the highest and best return opportunities in an effort to maximize long-term value for unitholders.

In connection with the Business Transformation Plan, Artis has entered into an agreement with Sandpiper Asset Management Inc. ("Sandpiper") to provide certain advisory services to Artis (the "Services Agreement"), including research, due diligence and analysis of potential active investments in public companies; strategic advice regarding active investments made, including exit strategies; and, providing advice and assistance in connection with Artis' active engagement with investee entities.

Artis estimates a two-to-three-year period to implement the Business Transformation Plan.

The successful execution of the REIT's new vision and Business Transformation Plan requires suitable opportunities, careful timing and business judgment, as well as sufficient resources to make investments and restructure them, if required. There can be no assurance that the REIT will be able to execute the Business Transformation Plan or to identify suitable or sufficient opportunities to monetize or maximize the value of its existing portfolio of assets or to make investments that satisfy its investment criteria at attractive prices, in either case, in a timely manner, or at all.

Units

Each Unit represents an equal undivided interest in Artis and shall carry the same rights and restrictions as follows:

- a. the right to one vote at meetings of Unitholders;
- b. the right to participate pro rata in any distributions by Artis, subject to the rights of Preferred Unitholders, in accordance with the Declaration of Trust; and

All Units rank among themselves equally and ratably without discrimination, preference or priority.

TAX MATTERS

Artis' income and net taxable gains for the purposes of the Tax Act will be allocated to the holders of Units and Preferred Units in the same proportion as the distributions received by such holders. All distributions upon which allocations will be based will be converted into Canadian dollars based on the prevailing United States dollar exchange rate at the relevant time.

LIMITATION ON NON-RESIDENT OWNERSHIP

There is a limit on the number of Units and Preferred Units which may be owned by Non-Residents. See "Summary of Equity Interests and the Declaration of Trust – Limitation on Non-Resident Ownership".

RATING

As at December 31, 2021, DBRS had the ratings of the Debentures as BBB (low) and Preferred Units as Pfd-3 (low) Under Review with Negative Implications. On February 4, 2022, DBRS removed the ratings of Artis from Under Review with Negative Implications and confirmed the ratings at BBB (low) and Pfd-3 (low) with Stable Trends.

Long-term ratings assigned by DBRS provide an opinion of DBRS on the risk of default; that is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. DBRS's long-term credit ratings scale ranges from "AAA" (typically assigned to obligations of the highest credit quality) to "D" (typically assigned to obligations in default, obligations that clearly will be in default in the near future or obligations that have been subject to a distressed exchange). A long-term obligation rated "BBB" by DBRS is the fourth highest rated obligation after those rated "AAA", "AA" and "A" and is, in DBRS's view, of adequate credit quality. The capacity for the payment of financial obligations is considered acceptable. DBRS indicates that "BBB" rated obligations may be vulnerable to future events. All DBRS rating categories other than "AAA" and "D" also contain subcategories "(high)" and "(low)". The addition of either a "(high)" or "(low)" designation indicates the relative standing within a rating category. The absence of either a "(high)" or "(low)" designation indicates the rating is in the middle of the category.

DBRS has five categories of preferred shares for which it will assign a rating. The "Pfd-3" rating is the third highest category available from DBRS for preferred securities. According to DBRS, preferred securities rated "Pfd-3" are of adequate credit quality and while protection of distributions and principal is still considered acceptable, the issuing entity is more susceptible to adverse changes in financial and economic conditions, and there may be other adverse conditions present which detract from debt protection. Pfd-3 ratings generally correspond with issuers with a BBB category or higher reference point. "(High)" and "(low)" grades may be used to indicate a relative standing of credit within the particular rating category. The absence of either a "(high)" or "(low)" designation indicates the rating is in the middle of the category.

During the last two completed financial years, Artis made payments to DBRS in relation to customary rating fees in addition to an impact assessment with respect to a potential transaction.

DBRS ratings are opinions based on the quantitative and qualitative analysis of information sourced and received by DBRS, which information is not audited or verified by DBRS. As the goal of each DBRS rating is to provide a forward-looking assessment, DBRS takes a longer-term “through the cycle” view of the issuer or debt obligation which emphasizes stability and as such, rating changes are not based solely on normal cycles in the economy. DBRS cautions that no two issuers possess exactly the same characteristics, nor are they likely to have the same future opportunities and, accordingly, two issuers with the same rating should not be considered to be of exactly the same credit quality. Credit ratings are intended to provide investors with an independent assessment of the credit quality of an issue or an issuer or securities and do not speak to the suitability of particular securities for any particular investor. The credit rating assigned to the securities may not reflect the potential impact of all risks on the value of the securities. A rating is therefore not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating agency. Prospective investors should consult the relevant rating organization with respect to the interpretation and implications of the ratings.

DRIP

On January 13, 2017, Artis announced the suspension of the DRIP until further notice. If Artis elects to reinstate the DRIP in the future, Unitholders that were enrolled in the DRIP at the time of its suspension and remain enrolled at the time of its reinstatement will automatically resume participation in the DRIP.

UNITHOLDERS' RIGHTS PLAN

The adoption of the Rights Plan was originally approved by Unitholders on May 16, 2008 and was renewed at the annual and special meetings of Unitholders held on May 19, 2011, June 19, 2014, June 15, 2017 and September 24, 2020. The Rights Plan is designed to ensure the fair treatment of Unitholders in any transaction involving a change of control of Artis by providing the Trustees and Unitholders with more time to evaluate any unsolicited take-over bid and, if appropriate, to seek out other alternatives to maximizing Unitholder value. The Rights Plan provides that until the occurrence of certain specified events, the rights will trade with the Units and are represented by the certificates representing the Units. The rights become exercisable only when a person acquires or announces an intention to acquire twenty (20%) percent or more of the outstanding Units without complying with the “permitted bid” provisions of the Rights Plan. Should a non-permitted acquisition occur, each right would entitle the holder of Units (other than the acquiring person and related parties and joint actors of such person) to purchase additional Units at a fifty (50%) percent discount to the market price at the time. The Rights Plan currently provides that a “permitted bid” is a take-over bid made to all Unitholders on identical terms and conditions that is open for acceptance for a period of at least 60 days. If at the end of the 60-day period, at least 50% of the outstanding Units (other than those owned by the offerors and related parties and joint actors of the offeror) have been tendered under the bid, the offeror may take up and pay for the tendered Units, but must extend the bid for a further ten days to allow all Unitholders to tender to the bid.

The Rights Plan will remain in effect for a period of three years following each renewal date.

EQUITY INCENTIVE PLAN

Artis adopted the Incentive Plan pursuant to which Artis may issue Unit options, deferred units, restricted units (which may include performance criteria) and installment units to eligible participants including, depending on the type of award, Trustees, Officers and employees of Artis. Trustees who are not employees, Officers or service providers of Artis are not entitled to receive awards other than deferred units under the Incentive Plan. In addition, only Trustees are entitled to receive deferred units under the Incentive Plan. The number of Units subject to or related to awards granted under the Incentive Plan is limited to 8,500,000, inclusive of Unit options and restricted units outstanding on the date of the adoption of the Incentive Plan. In addition, the number of Units underlying Unit options granted under or governed by the Incentive Plan is limited to 4,000,000, inclusive of outstanding Unit options on the date of the adoption of the Incentive Plan.

The Incentive Plan was approved by Unitholders on June 19, 2014. A copy of the Incentive Plan is available on SEDAR at www.sedar.com.

SUMMARY OF EQUITY INTERESTS AND THE DECLARATION OF TRUST

The following is a brief summary of certain provisions of the Declaration of Trust as at the date of this Annual Information Form. The summary below is not complete and, for full particulars, reference should be made to the Declaration of Trust.

UNITS AND PREFERRED UNITS

The beneficial interests in Artis are divided into and represented by units of two classes, described and designated as "Units" and "Preferred Units", which are entitled to the rights and subject to the limitations, restrictions and conditions set out in the Declaration of Trust, and the interest of each Unitholder and Preferred Unitholder shall be determined by the number of Units and/or Preferred Units registered in the name of the Unitholder and/or Preferred Unitholder, respectively.

RIGHTS ATTACHING TO UNITS

The Trust may issue an unlimited number of Units. Each Unit represents an equal undivided interest in Artis and shall carry the same rights and restrictions as follows:

- a. the right to one vote at meetings of Unitholders;
- b. the right to participate pro rata in any distributions by Artis, subject to the rights of Preferred Unitholders, in accordance with the Declaration of Trust; and
- c. the right to participate in distributions of the net assets of Artis upon the termination or winding-up of Artis, subject to the rights of Preferred Unitholders, in accordance with the Declaration of Trust.

All Units shall rank among themselves equally and ratably without discrimination, preference or priority.

No Unit shall be issued other than as fully paid and non-assessable.

RIGHTS ATTACHING TO PREFERRED UNITS

Artis may issue an unlimited number of Preferred Units. The Preferred Units may be issued in one or more series and the terms of the particular Preferred Units shall be set out in a certificate of preferred unit terms approved by the Trustees prior to the issuance of such Preferred Units. Upon the approval of the Trustees, the certificate of preferred unit terms shall become a part of the Declaration of Trust. The certificate of preferred unit terms shall set forth the following in respect of the particular series of Preferred Units to which it relates:

- a. the subscription price;
- b. the rate of return;
- c. whether the distributions are cumulative or non-cumulative;
- d. whether the holder(s) thereof will become entitled to vote in the event that the preferred distributions relating to such series of Preferred Units are not paid for a prescribed period of time and, if so, the circumstances under which such voting rights shall cease;
- e. whether the series of Preferred Units ranks in priority or junior to any other series of Preferred Units and, if so, the manner in which distributions are to be made among the series of Preferred Units if the available funds are insufficient to pay all preferred distributions or entitlements of the holders of Preferred Units upon termination or winding-up of Artis;
- f. whether the series of Preferred Units are convertible or reclassifiable and, if so, the terms of such conversion or reclassification; and
- g. any other provisions not inconsistent with the Declaration of Trust or the terms of any than existing certificate(s) of Preferred Units terms.

The Declaration of Trust provides that, in all other respects, each Preferred Unit represents an equal undivided interest in Artis and shall carry the same rights and restrictions as follows:

- a. the right to vote only in the manner and circumstances provided for in the Declaration of Trust, unless the certificate of preferred unit terms specifies that the Preferred Units will be entitled to vote in the event that the preferred distributions relating to such series of Preferred Units are not paid for a prescribed period, in which case the voting rights of the holders of such series of Preferred Units will be set forth in the certificate of preferred unit terms;
- b. the right of the holder to receive distributions in priority to the right of Unitholders, in accordance with the Declaration of Trust;

- c. the right to participate in distributions of the net assets of Artis in priority to the right of Unitholders, in accordance with the Declaration of Trust; and
- d. the right of conversion, reclassification and/or redemption, if any, set forth in the particular certificate of preferred unit terms.

No Preferred Unit shall be issued other than as fully paid and non-assessable.

As at December 31, 2021, six series of Preferred Units were authorized for issuance (being the Series A Units, the Series B Units, the Series E Units, the Series F Units, the Series I Units and the Series J Units). See "Description of Capital Structure".

LEGAL OWNERSHIP OF ASSETS OF ARTIS

The legal ownership of the assets of Artis and the right to conduct the affairs of Artis are vested exclusively in the Trustees, subject to the provisions of the Declaration of Trust, none of the Unitholders or Preferred Unitholders shall have any interest therein other than the interest in Artis conferred by their Units or Preferred Units issued pursuant to the Declaration of Trust. No Unitholder or Preferred Unitholder has or is deemed to have any right of ownership in any of the assets of Artis.

TRUSTEES

There shall be a minimum of three and a maximum of 10 Trustees. The number of Trustees may (i) be increased or decreased from time to time by the holders of Trust Units entitled to vote thereon (in which circumstances, in the case of an increase, such holders of Trust Units entitled to vote thereon shall have the right to appoint additional Trustees (up to the maximum)), or (ii) be increased by the Trustees up to a maximum of 10 (in which circumstances the Trustees shall have the right to appoint additional Trustees (up to the maximum provided in the Declaration of Trust)). Any Trustees so appointed shall serve as Trustees until the next annual meeting of the holders of Trust Units entitled to vote thereat.

The Declaration of Trust provides that a majority of the Trustees comprising the Audit Committee and the Governance, Nominating and Compensation Committee shall be Independent Trustees.

MEETINGS OF TRUST UNITHOLDERS

Meetings of Trust Unitholders entitled to vote thereat must be called and held for the election or removal of Trustees, the appointment or removal of the auditors of Artis, the approval of amendments to the Declaration of Trust (except as described below under "Authorized Amendments to Declaration of Trust"), the sale or transfer of all or substantially all of the assets of Artis (other than as part of an internal reorganization of the assets of Artis as approved by the Trustees) and the termination of Artis. Meetings of Trust Unitholders entitled to vote thereat will be called and held annually for the election of the Trustees and the appointment of auditors of Artis.

Two persons who are holders of Trust Units entitled to vote at a particular meeting represented in person or by proxy representing greater than 25% of the votes attaching to the issued and outstanding Trust Units entitled to vote thereat shall constitute a quorum for the meeting.

Each whole Trust Unit entitles the holder thereof to attend and cast one vote at a meeting for which such holder is entitled to attend, either in person or by proxy.

A meeting of Trust Unitholders entitled to vote thereat may be convened at any time and for any purpose by the Trustees. A special meeting must be convened for the purposes set forth in the Declaration of Trust if requisitioned by the holders of not less than 5% of the outstanding Trust Units entitled to vote on the matters to be brought before the special meeting. A requisition must state in reasonable detail the business proposed to be transacted at the meeting. Trust Unitholders entitled to vote at a meeting have the right to obtain a list of Trust Unitholders entitled to vote thereat to the same extent and upon the same conditions as those which apply to shareholders of a corporation governed by the Canada Business Corporations Act.

MATTERS UPON WHICH UNITHOLDERS AND PREFERRED UNITHOLDERS MAY VOTE

The Unitholders (and the holders of those Preferred Units which then carry a right to vote) shall be entitled to vote upon the following matters, upon such other matters as are set forth in the Declaration of Trust and upon such matters for which approval of holders of Trust Units entitled to vote is required pursuant to the requirements of any stock exchange upon which the Trust Units may trade from time to time:

- a. the election or removal of Trustees;
- b. the appointment, approval or removal of auditors of Artis;

- c. the approval of amendments to the Declaration of Trust (except amendments which may be made by the Trustees without the consent of holders of Trust Units entitled to vote);
- d. the reclassification of the Units;
- e. the sale of the assets of Artis as an entirety or substantially as an entirety (provided that, for greater certainty, Artis shall be entitled to transfer all or a portion of its assets to an entity controlled by Artis pursuant to an internal reorganization of Artis and such transfer shall not require the approval of Trust Units entitled to vote); and
- f. the termination of Artis.

MATTERS UPON WHICH PREFERRED UNITHOLDERS MAY VOTE

In addition to the voting rights that may be specified in the applicable certificate of preferred unit terms to arise in the event of a failure of Artis to pay preferred distributions for a prescribed period, the Preferred Unitholders shall, if they are not then otherwise carrying a voting right, be entitled to vote upon the matters set forth in the following paragraph, and upon such matters for which approval of the Preferred Unitholders is required pursuant to the terms of any stock exchange upon which the Preferred Units may be listed from time to time. The following amendments to the Declaration of Trust require the approval of the holders of two-thirds of the then issued and outstanding Preferred Units, or the Preferred Units of a particular series, as the case may be (or by written resolution in lieu thereof):

- a. an exchange, reclassification (other than reclassifications pursuant to the applicable certificate of preferred unit terms) or cancellation of all or part of the Preferred Units or the Preferred Units of a particular series, as the case may be;
- b. the addition, change or removal of the rights, privileges, restrictions or conditions attached to the Preferred Units, or to the particular series of Preferred Units, as the case may be, and, including, without limiting the generality of the foregoing:
 - (i) the addition or removal of or change to the voting, transfer or preemptive rights; or (ii) the reduction or removal of a distribution preference or liquidation preference; and
- c. the constraint of the issue, transfer or ownership of the Preferred Units or the Preferred Units of a particular series.

PURCHASE OF UNITS

Artis may, from time to time, purchase Units and/or Preferred Units in accordance with applicable securities legislation and the rules prescribed under applicable stock exchange or regulatory policies.

TAKE-OVER BIDS

The Declaration of Trust contains provisions to the effect that if a take-over bid (within the meaning of The Securities Act (Manitoba)) is made for the Units or Preferred Units of any series, and not less than 90% of the Units or Preferred Units of any series (other than Units or Preferred Units of the applicable series, as the case may be, held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror will be entitled to acquire the Units or Preferred Units of the applicable series, as the case may be, held by Unitholders or Preferred Unitholders who did not accept the offer either, at the election of such Unitholders, or Preferred Unitholders, as the case may be, on the terms offered by the offeror or at the fair value of such Units or Preferred Units of such series, as the case may be.

ISSUANCE OF TRUST UNITS

Artis may allot and issue Trust Units at such time or times and in such manner, and for such consideration and to such persons as the Trustees in their sole discretion shall determine.

LIMITATION ON NON-RESIDENT OWNERSHIP

At no time may Non-Residents be the beneficial owners of more than 49% of the Units or Preferred Units, on a basic or fully-diluted basis (and for greater certainty, including Units into which Exchangeable LP Units (or other securities exchangeable for Units) may be converted or exchanged), and Artis shall inform its transfer agent of this restriction. The Trustees may require a registered holder of Units and/or Preferred Units to provide the Trustees with a declaration as to the jurisdictions in which beneficial owners of the Units or Preferred Units registered in such registered holder's name are resident and as to whether such beneficial owners are Non-Residents (or in the case of a partnership, whether the partnership is a Non-Resident). If the Trustees become aware, as a result of acquiring such declarations as to beneficial ownership or as a result of any other investigations, that the beneficial owners of more than 40% of the Units or Preferred Units, as the case may be (on a basic or fully-diluted basis, including Units into which exchangeable securities may be converted or exchanged) are, or may be, Non-Residents or that such a situation is imminent, the

Trustees may make a public announcement thereof and shall not accept a subscription for Units or Preferred Units, as the case may be, from or issue or register a transfer of Units or Preferred Units to a person unless the person provides a declaration in form and content satisfactory to the Trustees that the person is not a Non-Resident and does not hold such Units or Preferred Units, as the case may be, for the benefit of Non-Residents. If, notwithstanding the foregoing, the Trustees determine that more than 40% of the Units or Preferred Units, as the case may be (on a basic or fully-diluted basis, including Units into which Exchangeable LP Units (or other securities exchangeable for Units) may be converted or exchanged) are held by Non-Residents, the Trustees may send a notice to such Non-Resident holders of the Units, Preferred Units or Exchangeable LP Units or other securities, as the case may be, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustees may consider equitable and practicable, requiring them to sell their Units, Preferred Units or Exchangeable LP Units or other securities, as the case may be, or a portion thereof within a specified period of not more than 30 days. If the Unitholders, Preferred Unitholders or the holder(s) of Exchangeable LP Units or other securities, as the case may be, receiving such notice have not sold the specified number of Units, Preferred Units or Exchangeable LP Units or other securities or provided the Trustees with satisfactory evidence that they are not Non-Residents within such period, the Trustees may on behalf of such holders sell such Units, Preferred Units or Exchangeable LP Units or other securities and, in the interim, shall suspend the voting and distribution rights attached to such Units or Preferred Units (other than the right to receive the net proceeds from the sale). Upon such sale or conversion, the affected holders shall cease to be holders of the relevant Units, Preferred Units or Exchangeable LP Units or other securities and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates, if any, representing such securities. Artis may direct its transfer agent to do any of the foregoing.

No liability shall accrue to Artis or the Trustees if the Units or Preferred Units of a Non-Resident are sold at a loss to such Unitholder or Preferred Unitholder. Unless and until the Trustees shall have been required to do so under the terms hereof, the Trustees shall not be bound to do or take any proceedings or action with respect to the foregoing paragraph by virtue of the powers conferred on them. The Trustees shall use reasonable commercial efforts to actively monitor the ownership of Units or Preferred Units by Non-Residents. It is acknowledged that the Trustees cannot definitely monitor the ownership of Units, Preferred Units or exchangeable securities or other securities by Non-Residents if such securities are registered in the name of an intermediary. The Trustees shall not be liable for any violation of the Non-Resident ownership restriction which may occur during the term of Artis.

INFORMATION AND REPORTS

Artis will furnish to its Unitholders and Preferred Unitholders such financial information and reports as are from time to time required by applicable securities laws.

AUTHORIZED AMENDMENTS TO DECLARATION OF TRUST

The Declaration of Trust may be amended or altered from time to time. Certain amendments (including the termination of Artis) require approval by at least two-thirds of the votes cast at a meeting of Unitholders called for such purpose. Other amendments to the Declaration of Trust require approval by a majority of the votes cast at a meeting of the Unitholders called for such purpose. The following amendments require the approval of two-thirds of the votes cast by Unitholders at a meeting:

- a. an exchange, reclassification or cancellation of all or part of the Units;
- b. the addition, change or removal of the rights, privileges, restrictions or conditions attached to the Units or special voting units and, including, without limiting the generality of the foregoing,
 - i. the removal or change of rights to distributions (but not a change to the specific amount of a distribution);
 - ii. the addition or removal of or change to conversion privileges, options, voting, transfers or pre-emptive rights; or
 - iii. the reduction or removal of a distribution preference or liquidation preference;
- c. the creation of new rights or privileges attaching to Units;
- d. the constraint of the issue, transfer or ownership of the Units or the change or removal of such constraint; and
- e. the amendment of the investment guidelines set out under "Assets of the Trust - Permitted Investments" and the operating policies set out at paragraphs (b), (d), (e), (f), (g) and (h) thereunder.

The Trustees may, without the approval of the Trust Unitholders, make certain amendments to the Declaration of Trust, including amendments:

- a. aimed at ensuring continuing compliance with applicable laws, regulations, requirements or policies of any governmental authority having jurisdiction over: (i) the Trustees or over Artis; (ii) the status of Artis as a "mutual fund trust" under the Tax Act and, if the Trustees so decide, a "registered investment" under the Tax Act; or (iii) the distribution of Trust Units;
- b. which, in the opinion of the Trustees, provide additional protection for the Trust Unitholders (or any class or series of Trust Units);

- c. to remove any conflicts or inconsistencies between public disclosure and the Declaration of Trust or to make minor corrections which are, in the opinion of the Trustees, necessary or desirable and not prejudicial to the Trust Unitholders;
- d. which, in the opinion of the Trustees, are necessary or desirable as a result of changes in taxation laws;
- e. which, in the opinion of the Trustees, are necessary or desirable in order to permit distributions to Unitholders to be paid through the issuance of Units rather than in cash; and
- f. for any purpose (except ones in respect of which approval by holders of Trust Units (or any class or series of Trust Units) is specifically otherwise required) if the Trustees are of the opinion that the amendment is not prejudicial to Trust Unitholders and is necessary or desirable.

TERM OF ARTIS AND SALE OF SUBSTANTIALLY ALL ASSETS

Artis has been established for an indefinite term. Pursuant to the Declaration of Trust, termination of Artis or the sale or transfer of the assets of Artis as an entirety or substantially as an entirety (other than as part of an internal reorganization of the assets of Artis as approved by the Trustees) requires approval by at least two-thirds of the votes cast by Trust Unitholders entitled to vote at a meeting called for that purpose.

DISTRIBUTIONS

For so long as Preferred Units of any series are outstanding, distributions shall be paid on such Preferred Units in priority to amounts paid on Units, in accordance with the certificate of preferred unit terms relating to such Preferred Units.

The Trustees may distribute to Unitholders, subject to the rights of holders of Preferred Units, at such time or times in the year as they shall determine, such amounts of the income (including Net Realized Capital Gains) as the Trustees determine in their discretion. The Declaration of Trust provides that, subject to the rights of Preferred Unitholders to receive priority distributions, the Trustees may declare to be payable and/or make distributions out of the income, the Net Realized Capital Gains and/or the capital of Artis or otherwise in such amount or amounts and on such dates as the Trustees may determine to persons who are Unitholders at the record date set for such distribution.

Unitholders at the close of business on the last day of a month (or other period selected by the Trustees) shall be entitled to receive their proportionate share of any distributions of income and/or Net Realized Capital Gains declared by the Trustees for such month (or other period). The distribution for any month (or other period) will be paid on or about the Distribution Date.

Notwithstanding the foregoing, Artis shall not be prohibited from making distributions to Unitholders by way of the issuance of additional Units in accordance with the Declaration of Trust.

Each year Artis shall deduct in the calculation of its income such amounts as are paid or payable to Unitholders and holders of Preferred Units for the year, as permitted by the Tax Act, to minimize its liability for income tax under Part I of the Tax Act for such year.

PAYMENT OF DISTRIBUTIONS

Artis shall deduct or withhold from distributions payable to Unitholders all amounts required by law to be withheld from such distributions and Artis shall remit such taxes to the appropriate governmental authority within the times prescribed by law. Unitholders and Preferred Unitholders who are Non-Residents will be required to pay all withholding taxes payable in respect of any distributions of income by Artis.

If the Trustees determine that the amount of cash available for the payment of distributions to Unitholders is not sufficient to make payment of the full amount of any distribution or that it is otherwise in the best interest of the Trust, the payment may include or consist entirely of the issuance of additional Units having a value equal to the difference between the amount of such distribution and the amount of cash which has been determined by the Trustees to be available for the payment of such distribution. Immediately after a pro rata distribution of such Units to all Unitholders in satisfaction of any non-cash distribution, the number of outstanding Units will be consolidated so that, subject to the application of the withholding tax provisions of the Declaration of Trust, each Unitholder will hold after the consolidation the same number of Units as the Unitholder held before the non-cash distribution and each certificate representing a number of Units prior to the non-cash distribution is deemed to represent the same number of Units after the non-cash distribution and the consolidation of the Units.

INCOME TAX MATTERS

In computing the net income of Artis for income tax purposes for any year, except as the Trustees otherwise determine, Artis shall claim the maximum amount of capital cost allowance and other discretionary deductions available to Artis under the Tax Act.

ARTIS REAL ESTATE INVESTMENT TRUST

ALLOCATIONS OF NET INCOME FOR TAX PURPOSES

Except as otherwise provided under the terms of a particular series of Preferred Units, the (i) net income of Artis for a taxation year of Artis, determined in accordance with the provisions of the Tax Act other than paragraph 82(1)(b) and subsection 104(6), and (ii) Net Realized Capital Gains payable to Unitholders shall be allocated to the Unitholders and holders of Preferred Units for the purposes of the Tax Act in the same proportion as the total distributions made or declared payable to Unitholders or the holders of Preferred Units, as the case may be, in such taxation year. The Trustees shall in each year make such other designations for tax purposes in respect of income and other distributions that the Trustees consider to be reasonable in all of the circumstances.

RESTRICTIONS ON DISTRIBUTIONS

Under the terms of the Preferred Units, Artis is prohibited from paying any distributions on its Units (other than a distribution made by way of additional Units) unless it has paid the required distributions on its Preferred Units.

DISTRIBUTION HISTORY

The following is a summary of the historical distributions declared and paid on Units and Preferred Units during the last three completed financial years.

During the year ended December 31, 2019, and from January 1 to November 30, 2020, Artis declared monthly distributions payable on Units in the amount of \$0.045 per Unit, or \$0.54 per Unit per annum. From December 1 to December 31, 2020, and from January 1 to February 28, 2021, Artis declared a monthly distribution payable on Units in the amount of \$0.04635 per Unit, or \$0.5562 per Unit per annum. From March 1 to December 31, 2021, Artis declared a monthly distribution payable on Units in the amount of \$0.05 per Unit, or \$0.60 per Unit per annum.

During the year ended December 31, 2021, Artis declared a special distribution payable on Units in the amount of \$2.39 per Unit, comprised of \$0.32 per Unit payable in cash, and \$2.07 per Unit payable in Units.

During the years ended December 31, 2019, December 31, 2020 and December 31, 2021, Artis declared a quarterly distribution payable on Series A Units in the amount of \$0.353875 per Series A Unit, or \$1.4155 per Series A Unit per annum.

During the years ended December 31, 2019, December 31, 2020 and December 31, 2021, Artis declared a quarterly distribution payable on Series E Units in the amount of \$0.342 per Series E Unit, or \$1.368 per Series E Unit per annum.

During the quarters ended January 31, 2019, April 30, 2019, and July 31, 2019, Artis declared a quarterly cash distribution payable on Series G Units in the amount of \$0.3125 per Series G Unit, or \$1.25 per Series G Unit per annum. On July 31, 2019, Artis redeemed all 3,138,500 outstanding Series G Units.

During the years ended December 31, 2019, December 31, 2020, and December 31, 2021, Artis declared a quarterly distribution payable on Series I units in the amount of \$0.375 per Series I unit, or \$1.50 per Series I Unit per annum.

RISK FACTORS

There are certain risks inherent in the activities of Artis and an investment in the securities of Artis, including risks relating to the Business Transformation Plan, COVID-19 pandemic, real property ownership, geographic concentration, current economic conditions, strategic initiatives, debt financing, interest rate fluctuations, foreign currency, tenants, SIFT Rules, other tax-related factors, illiquidity, competition, reliance on key personnel, future property transactions, general uninsured losses, dependence on information technology systems, cyber security, environmental matters and climate change, land and air rights leases, public market, market price of Units, changes in legislation and investment eligibility, availability of cash flow, fluctuations in cash distributions, the nature of Trust Units, legal rights attaching to Trust Units, Preferred Units, Debentures, dilution, Unitholder liability, failure to obtain additional financing, developments, and Trustees. In particular, the proposed acquisitions described herein or in documents incorporated by reference herein are, in certain cases, subject to conditions that may not be satisfied and there can be no assurance that such acquisitions will be completed.

Certain risks are described below. See also the section entitled "Risks and Uncertainties" in the Artis 2021 MD&A for additional risk factors.

BUSINESS TRANSFORMATION PLAN

Failure to Execute the Business Transformation Plan

Pursuant to the Business Transformation Plan, Artis intends to make investments that achieve superior investment performance commensurate with reasonable risk. This goal relies on the successful execution of its investment strategies, which may be uncertain as it requires suitable opportunities, careful timing and business judgment, as well as sufficient resources to make investments and restructure them, if required, notwithstanding difficulties experienced in a particular industry. In addition, there is no assurance that Artis will be able to identify suitable or sufficient opportunities that meet its investment criteria and be able to make investments at attractive prices to supplement its growth in a timely manner, or at all. Further, Artis may be exposed to unexpected risks and costs associated with its investments, including that the costs necessary to bring an investment up to Artis' standards established for its intended market position may be higher than expected.

Investment Portfolio

In connection with the Business Transformation Plan, investment returns will become an increasingly important part of Artis' overall profitability as Artis' operating results will depend in part on the performance of its investment portfolio. It is expected that Artis' investment portfolio will include bond and other debt instruments, common stock, preferred stock and derivative instruments. Accordingly, fluctuations in the fixed income or equity markets could have an adverse effect on Artis' financial condition, profitability or cash flows. The return on the portfolio and the risks associated with the investments are affected by the asset mix of the portfolio companies, which can change materially depending on market conditions.

Acquisitions, Divestitures and Strategic Initiatives

Pursuant to the Business Transformation Plan, Artis may periodically explore opportunities to make strategic investments in all or part of certain businesses or companies. Although Artis will undertake due diligence prior to the completion of an acquisition or investment, there can be no assurance that Artis will have adequate time or access to complete appropriate investigations or that Artis will properly ascertain or assess all of the significant risks of such investment. Furthermore, some of the risks may be outside of Artis' control and leave Artis with no ability to mitigate or control the chances that those risks will adversely impact the target company. In addition, there is no assurance that the anticipated financial or strategic objectives following an integration effort or the implementation of a strategic initiative will be achieved, which could adversely affect Artis' financial condition, profitability or cash flows. In particular, acquisitions may involve a number of special risks, including failure to retain key personnel, unanticipated events or circumstances and legal liabilities, some or all of which could have a material adverse effect on Artis' business, results of operations and financial position.

Control or Significant Influence Risk & Minority Investments

Although Artis may endeavour to make investments that allow it to acquire control or exercise significant influence over management and the strategic direction of its portfolio entities, there can be no assurance that all investments will provide Artis with such a degree of influence or control. In addition, the exercise of control over a portfolio company imposes additional risks of liability for failure to supervise management. The exercise of control over an investment could expose the assets of Artis to claims by such businesses, its shareholders and its creditors. While Artis intends to manage its investments in a manner that will minimize the exposure to these risks, the possibility of successful claims cannot be precluded. On occasion, Artis expects that it may also make minority equity investments in businesses in which Artis does not participate in the management or otherwise control the business or affairs of such businesses. While Artis will monitor the performance of each investment and maintain an ongoing dialogue with each business management team, it will be the responsibility of the management of the business to operate the business on a day-to-day basis and Artis may not have the right or ability to control or otherwise influence such business. Accordingly, these companies may undertake activities which Artis does not believe is in their best interests.

Competitive Market for Investment Opportunities

In accordance with the Business Transformation Plan and Artis' business objective and investment strategies, Artis will compete with a large number of other investors, such as private equity funds, mezzanine funds, investment banks and other equity and non-equity based public and private investment funds, and other sources of financing, including traditional financial services companies, such as commercial banks. Competitors may have a lower cost of funds and may have access to funding sources that are not available to Artis. In addition, certain competitors of Artis may have higher risk tolerances or different risk assessments, which could allow them to consider a wider variety of investments and establish more relationships and build their respective market shares. There can be no assurance that the competitive pressures faced by Artis will not have a material adverse effect on its investment activities pursuant to the Business Transformation Plan.

Reputation

Artis could be negatively impacted if there is misconduct or alleged misconduct by its personnel, personnel of Sandpiper or those of the portfolio companies in which Artis invests, including historical misconduct prior to its investment. Risks associated with misconduct at portfolio companies is heightened in cases where Artis does not have legal control or exercise significant influence over an investment, or is not otherwise involved in actively managing a portfolio company. In such situations, given Artis' ownership position and affiliation with the portfolio company, it may still be negatively impacted from a reputational perspective through this association.

Reliance on Services of Sandpiper

Some decisions with respect to the assets and investment strategy of Artis are expected to be made with reliance on the services and support of Sandpiper. Personnel and support staff of Sandpiper who provide services to Artis are not required to treat their responsibilities to Artis as their primary responsibilities or to act exclusively for Artis (other than Samir Manji, who has certain fiduciary duties and contractual obligations with respect to Artis in his capacity as CEO and a trustee). The Services Agreement does not require Sandpiper to maintain the employment of any of its personnel or to cause any particular person to provide services to Artis. There can be no assurance that any of the personnel and support staff of Sandpiper will remain in their current positions.

COVID-19 PANDEMIC

The COVID-19 pandemic has resulted in governments enacting emergency measures, including travel restrictions, physical distancing and the temporary closure of non-essential businesses. These changes have caused a disruption to markets where the REIT operates in both Canada and the U.S. and an overall global economic slowdown.

Governments are reacting with significant interventions designed to stabilize economic conditions, however, the efficacy of these interventions remains unknown at this time.

As the situation is continually evolving, the duration and impact of the COVID-19 pandemic is unknown. Any estimate of the length and potential severity of the risks associated with the COVID-19 pandemic is subject to significant uncertainty. The extent to which the COVID-19 pandemic may adversely affect the REIT's operations, financial results and capital resources in future periods is also subject to significant uncertainty. The REIT is faced with numerous risks related to the COVID-19 pandemic which include, but are not limited to the following uncertainties:

- estimates of the amount and timing of future cash flows generated from investment properties in the determination of fair value;
- the REIT's ability to satisfy ongoing debt covenants due to changes in the REIT's liquidity and financial condition;
- the collection of rents receivable due to economic challenges faced by tenants subject to temporary closures of non-essential businesses, particularly in the retail segment;
- the impact of additional government regulation in response to the COVID-19 pandemic;
- delays, costs and availability of resources required to complete capital projects and ongoing developments in process and potential restrictions regarding the commencement of new development projects;
- market volatility and the associated challenges related to the ability to access capital;
- the REIT's ability to refinance maturing mortgages; and
- fair values of investment properties for disposed properties exceeding the mortgages payable for which the REIT has provided guarantees.

Any of these risks and uncertainties could have a material adverse effect on Artis' operations, financial results and capital resources. Management seeks to mitigate risks associated with the COVID-19 pandemic in a variety of ways:

- management is working diligently with tenants to ensure the ongoing operation of their businesses and has provided rent deferrals to certain qualifying tenants;
- management has implemented a plan to reduce expenses to conserve capital resources, including the delay of certain capital expenditures and is addressing the potential to defer commencement of new development projects;
- to help mitigate the spread of the virus, the REIT has increased cleaning and sanitization at all properties and has implemented a remote work from home policy for employees, where appropriate to do so;
- management is actively monitoring the availability of government relief programs in both Canada and the U.S. that may be applicable to either the REIT or its tenants; and

- management continues to assess recommendations by the public health authorities and continues to closely monitor operations and will take further action, if necessary, that are in the best interest of employees, tenants and investors.

REAL PROPERTY OWNERSHIP

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments. The value of real property and any improvements thereto may also depend on the credit and financial stability of the tenants and upon vacancy rates of Artis' portfolio of income-producing properties. Artis' financial performance would be adversely affected if a significant number of tenants were to become unable to meet their obligations under their leases. Upon the expiry of any lease, there can be no assurance that the lease will be renewed on favourable terms to Artis or at all and no guarantee that the tenant can be replaced. The terms of any subsequent leases may be less favourable to Artis than the existing leases. In the event of default by a tenant, delays or limitations in enforcing rights as lessor may be experienced and substantial costs may be incurred by Artis. Furthermore, at any time, a tenant of any of Artis' property or properties may seek the protection of bankruptcy, insolvency or similar laws that could result in the rejection and termination of such tenant's lease and thereby adversely affect the financial performance of Artis.

Certain expenditures, including property taxes, maintenance costs, mortgage payments, insurance costs and related charges must be made throughout the period of ownership of real property regardless of whether the real property is producing any income. If Artis is unable to make mortgage payments on any property, losses could be sustained as a result of the mortgagee's exercise of its right of foreclosure and sale.

GEOGRAPHIC CONCENTRATION

The REIT's properties are located in five Canadian provinces and six U.S. states. Artis' properties are impacted by factors specifically affecting these respective real estate markets. These factors may differ from those affecting the real estate markets in other regions of Canada and the U.S.

Due to the concentrated nature of Artis' properties, a number of its properties could experience any of the same conditions at the same time. If real estate conditions in the regions where the REIT operates decline relative to real estate conditions in other regions, our cash flows and financial condition may be more adversely affected than those of companies that have more geographically diversified portfolios of properties.

CURRENT ECONOMIC CONDITIONS

Canadian real estate investment trusts are subject to risks related to real estate in the markets where properties are owned, as well as the Canadian credit, capital and financial markets. Sensitivity to global economic conditions, and their impact in Canada, may negatively affect Artis, its properties and/or its tenants. Artis is subject to the risks commonly associated with recessionary economic conditions, including debt financing risk, tenant risk and illiquidity risk which are described in more detail herein.

STRATEGIC INITIATIVES

From time to time Artis or the Board may announce Strategic Initiatives for the REIT. There can be no assurance, however, that Artis will successfully execute any or all of the components of the Strategic Initiatives. Further, there can be no assurance that results anticipated to be achieved pursuant to the execution of the Strategic Initiatives will be realized.

DEBT FINANCING

Artis will be subject to the risks associated with debt financing. There can be no assurance that Artis will be able to refinance its existing indebtedness on terms that are as or more favourable to Artis as the terms of existing indebtedness, or at all. The inability to replace financing of debt on maturity would have an adverse impact on the financial condition and results of Artis.

In the event that Artis were in default of its obligations to pay the principal or interest on the Debentures, Artis would be prohibited from making cash distributions to Unitholders.

INTEREST RATE FLUCTUATIONS

Artis will be subject to interest rate risk associated with its Credit Facilities, mortgages and Debentures, due to the expected requirement to refinance such debts in the year of maturity. Artis is also subject to interest rate risk on its unhedged variable rate debt. In the event that interest rates increase, Unitholders will be adversely affected.

FOREIGN CURRENCY

The REIT owns properties located in the United States, and therefore, the REIT is subject to foreign currency fluctuations that may impact its financial position and results.

TENANTS

The financial condition and operating results of Artis would be adversely affected if a significant number of tenants were to become unable to meet their obligations under their leases or did not agree to renew their leases on favourable terms to Artis. Upon the expiry of any tenant lease, there can be no assurance that the lease will be renewed, or the tenant will be replaced. The terms of any subsequent tenant lease may be less favourable to Artis than the existing tenant lease. In the event of default by a tenant, delays or limitations in enforcing rights as lessor may be experienced and substantial costs may be incurred by Artis. Furthermore, at any time, a tenant of any of Artis' properties may seek the protection of bankruptcy, insolvency or similar laws that could result in the rejection and termination of such tenant's lease and thereby negatively affect the financial condition and operating results of Artis. The value of investment properties and the stability of cash flows derived from those properties is dependent upon the level of occupancy and lease rates in those properties. The ability to rent vacant space can be affected by many factors. Costs may be incurred in making improvements or repairs to property required by a new tenant. Increased vacancy in Artis' properties would likely have an adverse effect on the financial condition and operating results of Artis.

SIFT RULES

The Tax Act contains the SIFT Rules, which are applicable to publicly traded income trusts unless the trust satisfies the REIT Exception. The REIT Exception to the SIFT Rules comprises a number of technical tests and the determination as to whether Artis qualifies for the REIT Exception in any particular taxation year can only be made with certainty at the end of that taxation year. Management of Artis believes that Artis has met the requirements of the REIT Exception in each taxation year since 2009, will be able to meet the requirements of the REIT Exception throughout 2021, and intends for Artis to qualify for the REIT Exception at all future times. However, there can be no assurance that Artis met the requirements of the REIT Exception in any such year or that it will be able to qualify for the REIT Exception throughout 2021 or in future years such that Artis and the Unitholders will not be subject to the tax imposed by the SIFT Rules.

If Artis is subject to the SIFT Rules, the SIFT Rules may, depending on the nature of distributions from Artis, including what portion of its distributions are income and what portion are returns of capital, have a material adverse effect on the after-tax returns of certain Unitholders.

Also, in the event that the SIFT Rules apply to Artis, they may adversely affect the marketability of the Units or Preferred Units, the amount of cash available for distributions and, among other things, there can be no assurance that Artis will be able to maintain the current portion of distributions that is treated as a non-taxable return of capital.

OTHER TAX RELATED FACTORS

The Tax Act contains restrictions relating to the activities and the investments permitted by a mutual fund trust. Closed-end trusts must also comply with a number of technical tests relating to its investments and income.

As at the date of this Annual Information Form, management of Artis intends to ensure that Artis satisfies the conditions to qualify as a closed-end mutual fund trust by complying with the restrictions in the Tax Act as they are interpreted and applied by the Canada Revenue Agency. No assurance can be given that Artis will be able to comply with these restrictions at all times. If Artis were not to qualify as a mutual fund trust, the consequences could be material and adverse.

There can be no assurance that the Canadian federal income tax laws respecting mutual fund trusts, or the ways in which these rules are interpreted and applied by the Canada Revenue Agency, may not be changed in a manner which adversely affect Artis and/or its security holders.

The REIT operates in the United States through three U.S. REITs (Artis US Holdings, Inc., Artis US Holdings II, LLC and Artis US Holdings III, LLC) which are primarily capitalized by the REIT by way of common equity, debt in the form of notes owed to the REIT and preferred shares. If the Internal Revenue Service ("IRS") or a court were to determine that the notes and related interest should be treated differently for tax purposes this may adversely affect the REIT's ability to flow income from the U.S. to Canada.

ILLIQUIDITY

Real property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relation to demand for and the perceived desirability of such investments. Such illiquidity may tend to limit Artis' ability to vary its portfolio promptly in response to changing economic or investment conditions. If Artis were required to liquidate its real property investments, the proceeds to Artis may be significantly less than the aggregate carrying value of its properties.

COMPETITION

The real estate business is very competitive. Numerous other developers, managers and owners of office, industrial and retail properties compete with Artis in seeking properties. The existence of competing developers and owners could have an adverse effect on Artis' ability to acquire properties and on the rents charged or concessions granted. There can be no guarantee that additional properties will be available to Artis at reasonable prices or at all.

RELIANCE ON KEY PERSONNEL

Artis' executives and other senior officers have a significant role in the REIT's success and oversee the execution of the REIT's strategy. Artis' ability to retain its management team or attract suitable replacements should any members of the management group leave is dependent on, among other things, the competitive nature of the employment market. Artis has experienced departures of key personnel in the past and may do so in the future, and cannot predict the impact that any such departures will have on its ability to achieve its objectives. The loss of services from key members of the management team or a limitation in their availability could adversely impact the execution of the REIT's objectives, financial condition and cash flow.

FUTURE PROPERTY TRANSACTIONS

Artis' success depends in part on effectively managing its property portfolio, including making additional property acquisitions and, where appropriate, divesting certain properties that it owns. If Artis is unable to effectively manage the acquisition and, where appropriate, the disposition of properties, its business, operating results and financial condition could be adversely affected.

GENERAL UNINSURED LOSSES

Artis carries comprehensive general liability, fire, flood, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of risks, generally of a catastrophic nature, such as wars or environmental contamination, which are either uninsurable or not insurable on an economically viable basis. Should an uninsured or under-insured loss occur, Artis could lose its investment in, and anticipated profits and cash flows from, one or more of its properties, but Artis would continue to be obliged to repay any recourse mortgage indebtedness on such properties.

DEPENDENCE ON INFORMATION TECHNOLOGY SYSTEMS

Artis' business depends on information technology systems for day-to-day operations. If the REIT is unable to operate its systems or make enhancements as needed, or if its systems go down, it could have an adverse effect on the ability to service tenants, manage operations or meet obligations, which in turn could have an adverse impact on Artis' results and financial position. Important processes such as roll-outs, software and equipment upgrades and information security procedures are continually being assessed to ensure they are as effective as possible in order to support management in achieving its strategic objectives.

CYBER SECURITY

Cyber security has become an increasingly problematic issue for issuers and businesses in Canada and around the world, including for Artis and the real estate industry. Cyber attacks against large organizations are increasing in sophistication and are often focused on financial fraud, compromising sensitive data for inappropriate use or disrupting business operations. A cyber incident is considered to be any adverse event that threatens the confidentiality, integrity or availability of the organization's information resources. More specifically, a cyber incident is an intentional attack or an unintentional event that can include gaining unauthorized access to information systems to disrupt operations, corrupt data or steal confidential information.

As Artis' reliance on technology has increased, so have the risks posed to its system. Artis' primary risks that could directly result from the occurrence of a cyber incident include operational interruption, damage to its reputation, damage to its business relationships with its tenants, disclosure of confidential information regarding its tenants, employees and third parties with whom Artis interacts, and may result in negative consequences, including remediation costs, loss of revenue, additional regulatory scrutiny and litigation. These developments may subject Artis' operations to increased risks, as well as increased costs, and, depending on their magnitude, could have a material adverse effect on Artis' financial position and results of operations.

The Board and management are responsible for overseeing Artis' cyber security risks. To remain resilient to these risks, Artis has implemented processes, procedures and controls to help mitigate these risks, including installing firewalls and antivirus programs on its networks, servers and computers, and staff training. However, these measures, as well as its increased awareness of a risk of a cyber incident, do not provide assurance that its efforts will be effective or that attempted security breaches or disruptions will not be successful or damaging.

ENVIRONMENTAL MATTERS AND CLIMATE CHANGE

As an owner of real property, Artis will be subject to various federal, provincial and municipal laws relating to environmental matters. Such laws provide that Artis could be liable for the costs of removal of certain hazardous substances and remediation of certain hazardous locations. The failure to remove or remediate such substances or locations, if any, could adversely affect Artis' ability to sell such real estate or to borrow using such real estate as collateral and could potentially also result in claims against Artis.

Natural disasters and severe weather such as floods, ice storms, blizzards and rising temperatures may result in damage to the REIT's properties. The extent of the REIT's casualty losses and loss in property operating income in connection with such events is a function of the severity of the event and the total amount of exposure in the affected area. The REIT is also exposed to risks associated with inclement winter weather, including increased need for maintenance and repair of the REIT's buildings. In addition, climate change, to the extent it causes changes in weather patterns, could have effects on the REIT's business by increasing the cost to recover and repair properties and by increasing property insurance costs to insure a property against natural disasters and severe weather events.

LAND AND AIR RIGHTS LEASES

To the extent that the properties in which Artis has or will have an interest are located on leased land, the land leases may be subject to periodic rate resets which may fluctuate and may result in significant rental rate adjustments. As at December 31, 2021, Artis holds a leasehold interest in one portfolio property. The lease payments required under this lease were fully paid at the time of acquisition of the property.

PUBLIC MARKET

The price for the Units or other listed securities of Artis could be subject to wide fluctuations in response to variations in operating results, the gain or loss of significant properties, market conditions in the industry, as well as general economic conditions or other risk factors set out herein. It is not possible to predict the price at which Units or other listed securities will trade and there can be no assurance that an active trading market for the Units or other listed securities will be sustained. In the event that the TSX determines that there is not a sufficient market for a listed security, such security may be delisted. The Units and other listed securities will not necessarily trade at values determined solely by reference to the value of the property or properties of Artis. Accordingly, the Units may trade at a premium or at a discount to values implied by the value of the properties of Artis. The market price for the Units or other listed securities may be affected by factors beyond the control of Artis.

MARKET PRICE OF UNITS

One of the factors that may influence the market price of the Units and other listed securities of Artis is the annual yield thereon. Accordingly, an increase in market interest rates may lead holders of Artis' securities to expect a higher annual yield, which could adversely affect the market price of such securities. In addition, the market price for Artis' listed securities may be affected by changes in general market conditions, fluctuations in the market for equity or debt securities, short-term supply and demand factors for real estate investment trusts and numerous other factors beyond the control of Artis.

CHANGES IN LEGISLATION AND INVESTMENT ELIGIBILITY

There can be no assurance that income tax laws and the treatment of mutual fund trusts will not be changed in a manner which adversely affects Artis and its security holders. Artis will attempt to ensure that the Units, the Preferred Units and the Debentures continue to be qualified investments for Registered Plans. Units and Preferred Units will cease to be qualified investments for Registered Plans if Artis is no longer qualified as a mutual fund trust and the Units or Preferred Units, as the case may be, cease to be listed on a designated stock exchange. The Debentures will cease to be qualified investments for a Registered Plan if: (i) the Debentures are not or cease to be listed on a designated stock exchange; and (ii) Artis is no longer qualified as a mutual fund trust and the Units cease to be listed on a designated stock exchange in Canada. Adverse tax consequences may apply to a Registered Plan, or an annuitant thereunder, if the Registered Plan acquires or holds property that is not a qualified investment for the Registered Plan.

Notwithstanding the foregoing, if the Units, the Preferred Units or the Debentures are a "prohibited investment" for a tax-free savings account ("TFSA"), registered retirement savings plan ("RRSP"), registered retirement income fund ("RRIF"), registered disability savings plan ("RDSP"), or registered education savings plan ("RESP"), the holder of the TFSA or RDSP, or the annuitant of the RRSP or RRIF, or the subscriber of an RESP, as the case may be, will be subject to a penalty tax as set out in the Tax Act. Units, Preferred Units and Debentures will generally not be a "prohibited investment" for a TFSA, RRSP, RRIF, RDSP or RESP unless the holder of the TFSA or RDSP, or the annuitant of the RRSP or RRIF, or the subscriber of an RESP, as the case may be, does not deal at arm's length with Artis for purposes of the Tax Act or has a "significant interest" (within the meaning of the Tax Act) in Artis including with respect to whether the Units or Preferred Units would be "excluded property" (as defined in the Tax Act). In addition, Units and Preferred Units will not be a "prohibited investment" if such Units or Preferred Units are "excluded property" (as defined in the Tax Act) for trusts governed by an RRSP, RRIF, TFSA, RDSP or RESP. Holders of a TFSA or RDSP,

annuitants of an RRSP or RRIF and subscribers of an RESP should consult their own tax advisors as to whether the Units, the Preferred Units or the Debentures are, or will be, a “prohibited investment” in their particular circumstances.

There can be no assurance that laws will not be changed in a manner that will adversely affect Artis.

AVAILABILITY OF CASH FLOW

Depending on its financial performance, cash may not be available to Artis for distribution to security holders from time to time because of items such as principal repayments, tenant allowances, leasing commissions and capital expenditures. Artis may be required to use part of its debt capacity or reduce distributions to security holders in order to accommodate such items.

FLUCTUATIONS IN CASH DISTRIBUTIONS

Although as at December 31, 2021 and the date hereof, Artis’ distribution policy with respect to Units provides for monthly cash distributions to Unitholders equal to \$0.60 per Unit on an annualized basis (\$0.05 per Unit per month), the actual amount of cash distributed in respect of Units will depend on numerous factors, including the amount of principal repayments, tenant allowances, leasing commissions, capital expenditures and other factors that may be beyond the control of Artis. Artis may modify or suspend distributions at any time.

NATURE OF TRUST UNITS

A return on an investment in Trust Units is not comparable to the return on an investment in a fixed income security. The recovery of an investment in Trust Units is at risk, and any anticipated return on an investment in Trust Units is based on many performance assumptions. Although Artis intends to make distributions of a significant percentage of its available cash to Trust Unitholders, such cash distributions are not assured and may be reduced, suspended or discontinued. The ability of Artis to make cash distributions and the actual amount of cash distributed will be dependent upon, among other things, the financial performance of the properties in its portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Trust Units may decline for a variety of reasons, including if Artis is unable to meet its cash distribution targets in the future, and such decline may be significant. It is important for a person making an investment in Trust Units to consider the particular risk factors that may affect both Artis and the real estate industry in which Artis operates and which may therefore affect the stability of the cash distributions on Trust Units. The after-tax return from an investment in Trust Units to a Unitholder or Preferred Unitholder that is subject to Canadian income tax can be made up of both a “return on” and a “return of” capital. That composition may change over time, thus affecting the after-tax return of the Unitholder or Preferred Unitholder. Returns on capital are generally taxed as ordinary income, capital gains or as dividends in the hands of a Unitholder or Preferred Unitholder. Returns of capital are generally tax-deferred and reduce the cost base in the Unit or Preferred Unit, as the case may be, for tax purposes. Although as at the date hereof it is expected that Artis has and will continue to qualify for the REIT Exception, the SIFT Rules will apply to Artis in each year in which Artis does not qualify for the REIT Exception throughout the year. The SIFT Rules would require certain amounts to be subject to tax in Artis and also in the hands of holders of Trust Units as eligible dividends, resulting in tax treatment similar to corporations and their shareholders. See “Risk Factors – SIFT Rules”.

LEGAL RIGHTS ATTACHING TO TRUST UNITS

Securities such as the Units share certain, although not all, attributes common to shares of a corporation. Unitholders will not have all of the statutory rights normally associated with the ownership of shares in a corporation including, for example, the right to bring “oppression” or “derivative” actions against Artis. The Trust Units are not “deposits” within the meaning of the Canada Deposit Insurance Corporation Act (Canada) and are not insured under the provisions of that Act or any other legislation. Furthermore, Artis is not a trust company and, accordingly, is not registered under any trust and loan company legislation as it does not carry on the business of a trust company.

PREFERRED UNITS

Prevailing yields on securities similar to the Preferred Units will affect the market value of the Preferred Units. Assuming all other factors remain unchanged, the market value of the Preferred Units would be expected to decline as prevailing yields for similar securities rise and would be expected to increase as prevailing yields for similar securities decline. Spreads over the comparable benchmark rates of interest for similar securities will also affect the market value of the Preferred Units in an analogous manner.

None of the Preferred Units have a fixed maturity date and are not redeemable at the option of the holder thereof. The ability of a holder to liquidate its holdings of such Preferred Units may be limited. There can be no assurance that an active trading market will develop and be sustained for a particular series of Preferred Units.

As at the date of this Annual Information Form, the Series A Units, the Series E Units and the Series I Units were assigned a rating of Pfd-3 (low) with a Stable trend by DBRS. There can be no assurance that any rating assigned by a credit rating agency will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the credit rating agency. A lowering or withdrawal of such rating may have an adverse effect on the market value of such Preferred Units. None of the Series B Units, the Series F Units or the Series J Units are rated by any recognized rating agency. There can be no assurances that this will not affect the value of such Preferred Units.

Artis may choose to redeem a particular series of Preferred Units from time to time, in accordance with the terms thereof, including when prevailing interest rates are lower than the yield borne by the particular series of Preferred Units. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective yield as high as the yield on the particular series of Preferred Units being redeemed. Artis' redemption right also may adversely impact a purchaser's ability to sell the particular series of Preferred Units as the optional redemption date or period approaches.

The distribution rate in respect of the Series A Units, the Series E Units and the Series I Units will be reset on prescribed dates and every five years thereafter. If issued, the distribution rate in respect of the Series B Units, the Series F Units and the Series J Units will reset quarterly. In each case, the new distribution rate is unlikely to be the same as, and may be lower than, the distribution rate for the applicable preceding distribution period.

Investments in the Series B Units, the Series F Units and the Series J Units, given their floating interest rate component, entail risks not associated with investments in the Series A Units, the Series E Units and the Series I Units. The resetting of the applicable rate on a Series B Unit, Series F Unit or Series J Unit may result in a lower yield compared to the fixed rate for the Series A Units, Series E Units or Series I Units. The applicable rate on a Series B Unit, Series F Unit or Series J Unit will fluctuate in accordance with fluctuations in the benchmark interest rate on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which Artis has no control.

An investment in Series A Units may become an investment in Series B Units (and vice versa), an investment in Series E Units may become an investment in Series F Units (and vice versa) and an investment in Series I Units may become an investment in Series J Units, in each case without the consent of the holder thereof in the event of an automatic reclassification in the circumstances described in the certificate of preferred unit terms related to the particular series of Preferred Units. Upon the automatic reclassification of the Series A Units as Series B Units, the reclassification of the Series E Units as Series F Units or the reclassification of the Series I Units as Series J Units, as the case may be, the distribution rate on the Series B Units, the Series F Units or the Series J Units, as the case may be, will be a floating rate that is adjusted quarterly by reference to the benchmark interest rate which may vary from time to time while, upon the automatic reclassification of the Series B Units as Series A Units, the automatic reclassification of Series F Units as Series E Units or the automatic reclassification of the Series J Units as Series I Units, the distribution rate on the Series A Units, the Series E Units or the Series I Units, as the case may be, will be, for each five-year period, a fixed rate that is determined by reference to the applicable benchmark interest rate on the 30th day prior to the first day of each such five-year period. In addition, holders may be prevented from reclassifying their Series A Units as Series B Units, and vice versa, or reclassifying their Series E Units as Series F Units and vice versa or reclassifying their Series I Units as Series J Units and vice versa, in certain circumstances, as more particularly set forth in the certificate of preferred unit terms relating to the particular series of Preferred Units.

The Canadian federal income tax considerations that may arise in connection with the acquisition, holding, disposition or reclassification of Preferred Units are, in some respects, materially different from the acquisition, holding, disposition or exchange of preferred shares of a corporation. In particular, the Canada Revenue Agency has expressed the preliminary view that the reclassification of a Preferred Unit of one series into a Preferred Unit of another series will likely result in a taxable disposition at that time. A disposition or deemed disposition of any of the Preferred Units will likely give rise to a capital gain (or a capital loss) equal to the amount by which the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are exceeded by) the adjusted cost base of the particular series of Preferred Units, as the case may be, to the holder of such Preferred Units. The adjusted cost base of the Preferred Units to the holder of Preferred Units will be reduced by the amount, if any, in excess of the income of Artis for tax purposes that is paid or payable to the holder of such Preferred Units.

DEBENTURES

The likelihood that a holder of Debentures will receive payments owing to them under the terms of the Debentures will depend on the financial condition of Artis. The Trust Indentures contain limited covenant protection.

The Debentures are unsecured obligations of Artis and are subordinate in right of payment to existing and future mortgage indebtedness. If Artis becomes bankrupt or liquidates its assets, the assets of Artis will be available to pay its obligations with respect to the Debentures only after it has paid all senior indebtedness in full. There can be no assurance that there will be sufficient assets of Artis to pay amounts due on any or all of the Debentures.

There can be no assurance that Artis will be able to refinance its Debentures on maturity or that the terms of any such refinancing will be as favourable as the terms of its existing indebtedness, including the terms of its existing Debentures. If Artis cannot refinance the Debentures on maturity, there can be no assurance that it will be able to generate sufficient cash flow from operations, or generate sufficient capital through other means such as equity financings or asset sales, to meet required principal payments on its outstanding Debentures.

Liabilities of a parent entity with assets held by various subsidiaries may result in the structural subordination of the lenders of the parent entity. The parent entity is entitled only to the residual equity of its subsidiaries after all debt obligations of its subsidiaries are discharged. In the event of a bankruptcy, liquidation or reorganization of Artis, holders of indebtedness of Artis may become subordinate to lenders to the subsidiaries of Artis.

There can be no assurance that the credit rating assigned to the Debentures will remain in effect for any given period of time or that the rating will not be lowered, withdrawn, or revised by DBRS at any time. Real or anticipated changes in the credit rating of the Debentures may affect the market value of the Debentures. In addition, real or anticipated changes in the credit rating can affect the cost at which Artis can access the capital markets. See "Credit Rating".

If the Debentures are traded after their initial issuance, they may trade at a price lower than their initial public offering price. The market price or value of the Debentures depends on many factors, including liquidity of the Debentures, prevailing interest rates and the markets for similar securities, general economic conditions and Artis' financial condition, historical financial performance and future prospects.

Challenging market conditions, the health of the economy as a whole, and numerous other factors beyond Artis' control may have a material effect on Artis' business, financial condition, liquidity, and results of operations. Financial markets have recently experienced significant price and volume fluctuations that have particularly affected the market prices of securities of issuers and that have often been unrelated to the operating performance, underlying asset values, or prospects of such issuers. There can be no assurance that continuing fluctuations in price and volume will not occur. Accordingly, the market price of the Debentures may decline even if Artis' operating results, underlying asset values, or prospects have not changed. Additionally, these factors, as well as other related factors, may cause decreases in asset values that are objective evidence of impairment, which may result in impairment losses. If such increased levels of volatility and market turmoil continue, Artis' operations could be adversely impacted and the market price of the Debentures may be adversely affected.

Purchasers of Debentures may not be able to resell the Debentures. There is currently no market through which the Debentures may be sold and Artis has no intention of listing the Debentures on any exchange or market. This may affect the pricing of the Debentures in the secondary market, the transparency and availability of trading prices, the liquidity of the Debentures, and the extent of issuer regulation. No assurance can be given as to whether an active or liquid trading market will develop or be maintained for the Debentures. To the extent that an active trading market for the Debentures does not develop, the liquidity and trading prices for the Debentures may be adversely affected.

In certain circumstances (as set forth in the applicable Trust Indentures), Artis may be required to purchase all outstanding Debentures upon the occurrence of a change of control (as defined in the applicable Trust Indenture). However, it is possible that following such a change of control, Artis will not have sufficient funds at that time to make any required purchase of outstanding Debentures, or that restrictions contained in other Indebtedness will restrict those purchases.

DILUTION

Artis is authorized to issue an unlimited number of Units. Any additional issuance of Units will have a dilutive effect on existing Unitholders.

UNITHOLDER LIABILITY

The Investment Trust Unitholders' Protection Act (Manitoba) provides for a statutory limitation on the liability of beneficiaries of Manitoba income trusts such as Artis. The legislation provides that a beneficiary of a Manitoba income trust will not be liable for any act, default, obligation, or liability of such Manitoba income trust. Further, the Declaration of Trust provides that no Unitholder or Preferred Unitholder, or annuitant under a plan of which a Unitholder or Preferred Unitholder acts as Trustee or carrier (an "annuitant") will be held to have any personal liability as such, and that no resort shall be had to the private property of any Unitholder or Preferred Unitholder or annuitant for satisfaction of any obligation or claim arising out of or in connection with any contract or obligation of Artis or its Trustees.

Notwithstanding the Declaration of Trust, Unitholders and Preferred Unitholders may not be protected from liabilities of Artis to the same extent as a shareholder of a corporation is protected from the liabilities of such corporation. There is the possibility that personal liability may also arise in respect of claims against Artis (to the extent that such claims are not satisfied by Artis) that do not arise out of contract, including claims in tort, claims for taxes and possibly certain other statutory liabilities.

FAILURE TO OBTAIN ADDITIONAL FINANCING

Artis will likely require additional financing in order to grow and expand its operations. It is possible that such financing will not be available or, if it is available, will not be available on favourable terms. In addition, upon the expiry of the term of financing or refinancing of any particular property owned by Artis, refinancing may not be available in amounts required or may be available only on terms less favourable to Artis than existing financing. Future financing may take many forms, including debt or equity financing, which could alter the debt-to-equity ratio or which could be dilutive to Unitholders.

DEVELOPMENTS

Artis is subject to numerous risks related to development projects including development costs exceeding original estimates, construction or other unforeseen timing delays and development projects not be leased on a timely basis or at anticipated rates upon completion. These risks could impact the REIT's liquidity, financial position and future earning potential.

At December 31, 2021, investment properties under development account for 4.9% of Artis' total investment properties (December 31, 2020, 2.9%). At December 31, 2021, the REIT had three development projects in progress, 300 Main, Blaine 35 I and Blaine 35 II.

TRUSTEES

The Trustees do not and will not devote their full time and attention to the affairs of Artis.

INVESTMENT GUIDELINES AND OPERATING POLICIES

INVESTMENT GUIDELINES

The Declaration of Trust provides for certain guidelines on investments which may be made by Artis. The assets of Artis may be invested only in accordance with the following guidelines (unless approved by a majority of the Trustees (including a majority of the Independent Trustees)):

- a. Artis may invest in interests (including fee ownership and leasehold interests) in income-producing real property in Canada and the U.S.;
- b. Artis will not make any investment, take any action or omit to take any action that would disqualify Artis as a “mutual fund trust” within the meaning of the Tax Act or that would result in Units being disqualified for investment by Registered Plans;
- c. Artis may invest in a joint venture arrangement only if:
 - i. the arrangement is one pursuant to which Artis holds an interest in real property jointly or in common with others (“**joint venturers**”) either directly or through the ownership of securities of a corporation or other entity (a “**joint venture entity**”) as co-owners and not as partners;
 - ii. Artis’ interest in the joint venture arrangement is not subject to any restriction on transfer other than a right of first offer or right of first refusal, if any, in favour of the joint venturers;
 - iii. Artis has a right of first offer or right of first refusal to buy the interests of the other joint venturers; and
 - iv. the joint venture arrangement provides an appropriate buy-sell mechanism to enable a joint venturer to purchase the other joint venturers’ interests or to sell its interest;

provided that, notwithstanding the foregoing, Artis may from time to time enter into any joint venture arrangement which does not comply with any of subparagraphs (c) (ii), (iii) or (iv) above if the Trustees determine that the investment is desirable for Artis and is otherwise in compliance with the investment restrictions, the investment guidelines and the operating policies established in accordance with the Declaration of Trust and in effect at such time;

- d. Artis will not purchase, sell, market or trade in currency or interest rate futures contracts otherwise than for hedging purposes where, for the purposes hereof, the term “hedging” will have the meaning ascribed thereto by National Instrument 81-102 – Mutual Funds adopted by the Canadian Securities Administrators, as amended from time to time;
- e. except for temporary investments held in cash, deposits with a Canadian chartered bank or trust company registered under the laws of a province or of Canada, short-term government debt securities or in money market instruments of, or guaranteed by, a Schedule I Canadian chartered bank maturing within one year from the date of issue, Artis may not hold securities other than securities of a trust, limited partnership or corporation formed for the purpose of holding real property, securities of a joint venture entity or an entity or corporation wholly-owned by Artis formed and operated for the purpose of holding real property or for any other purpose relating to the activities of Artis, and provided further that, notwithstanding anything contained in the Declaration of Trust to the contrary, Artis may acquire securities of other real estate investment trusts;
- f. Artis will not invest in rights to or interests in mineral or other natural resources, including oil or gas, except as incidental to an investment in real property;
- g. Artis will not invest in operating businesses unless such investment is incidental to a transaction: (i) where revenue will be derived, directly or indirectly, principally from real property, or (ii) which principally involves the ownership, maintenance, improvement, leasing or management, directly or indirectly, of real property (in each case as determined by the Trustees);
- h. Artis will not acquire interests in general partnerships or limited partnerships provided that Artis may invest in a general partnership or a limited partnership if:
 - i. the general partnership or limited partnership is formed and operated solely for the purpose of acquiring, owning, maintaining, improving, leasing or managing a particular real property or properties or interests therein;
 - ii. Artis’ interest in the limited partnership is not subject to any restriction on transfer other than a right of first offer or right of first refusal, if any, in favour of any other partner or any affiliate thereof;
 - iii. Artis has a right of first offer or right of first refusal to buy the interests of the other partners; and

- iv. Artis has received a legal opinion to the effect that the investment would not disqualify Artis as a “mutual fund trust” within the meaning of the Tax Act;

provided that, notwithstanding the foregoing, Artis may from time to time enter into any limited partnership arrangement which does not comply with any of subparagraphs (h) (ii) or (iii) above if the Trustees determine that the investment is desirable for Artis and is otherwise in compliance with the investment restrictions, the investment guidelines and the operating policies established in accordance with the Declaration of Trust and in effect at such time;

- i. Artis may invest in raw land for development or other development projects for the purpose of (i) renovating or expanding existing facilities; or (ii) developing new facilities which will, upon completion, be income-producing. In furtherance of subparagraph (ii), without limiting the generality of paragraph (e) and notwithstanding the provisions of paragraphs (j) and (k) below, Artis may invest in mortgages (including participating or convertible mortgages): (A) granted by an entity, directly or indirectly, wholly owned by Artis or by Artis with a joint venturer; (B) granted by a joint venturer; or (C) provided that Artis has an option or a right to acquire an interest in the project or an entity which owns any such development project, in each case secured against the real property underlying any such development project and may continue to hold such mortgages following completion of the project;
- j. notwithstanding the provisions of paragraph (i) above and (k) below, Artis may invest in mortgages and mortgage bonds (including, with the consent of a majority of the Trustees, a participating or convertible mortgage) where: (i) the security therefor is income-producing real property which otherwise meets the general investment guidelines of Artis adopted by the Trustees from time to time in accordance with the Declaration of Trust and the restrictions set out therein; and (ii) the mortgage is registered on title to the real property which is security therefor; and
- k. notwithstanding paragraphs (i) and (j) above, Artis may invest in mortgages if Artis intends to use the acquisition of the mortgages as a method of acquiring control of an income-producing real property which would otherwise meet the investment guidelines of Artis.

For the purpose of the foregoing guidelines (other than paragraph (b)), the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by Artis will be deemed to be those of Artis on a proportionate consolidation basis. In addition, any references in the foregoing to investments in real property will be deemed to include an investment in a joint venture arrangement.

If at any time a regulatory authority having jurisdiction over Artis or any property of Artis shall enact any law, regulation or requirement which is in conflict with any investment restriction of Artis then in force, such restriction in conflict shall, if the Trustees on the advice of legal counsel to Artis so resolve, be deemed to have been amended to the extent necessary to resolve any such conflict, and, notwithstanding anything to the contrary contained in the Declaration of Trust, any such resolution of the Trustees shall not require the prior approval of Unitholders.

OPERATING POLICIES

The Declaration of Trust provides that the operations and affairs of Artis will be conducted in accordance with the following policies (unless otherwise agreed to by the Independent Trustees):

- a. any written instrument creating an obligation which is or includes the granting by Artis of a mortgage;
- b. to the extent that the Trustees determine to be practicable and consistent with their fiduciary duty to act in the best interests of the Unitholders, any written instrument which in the judgment of the Trustees is a material obligation must, so far as is commercially reasonable, in each case, contain a provision or be subject to an acknowledgment to the effect that the obligation being created is not personally binding upon, and that resort will not be had to, nor will recourse or satisfaction be sought from, the private property of any of the Trustees, holders of Trust Units, annuitants under a plan of which a Unitholder acts as a Trustee or carrier, or Officers, employees or agents of Artis, but that only property of Artis or a specific portion thereof will be bound; Artis, however, is not required, subject to having, in the opinion of the Trustees, used all reasonable efforts to comply with this requirement to comply in respect of obligations assumed by Artis upon the acquisition of real property;
- c. in addition to the provisions of paragraph (i) under the heading “Investment Guidelines and Operating Policies — Investment Guidelines”, Artis may engage in construction or development of real property in order to maintain its real properties in good repair or to enhance the income-producing potential of properties in which Artis has an interest;
- d. title to each real property must be held by and registered in the name of Artis, the Trustees, a Trustee for Artis or in the name of a corporation or other entity wholly-owned, directly or indirectly, by Artis or, directly or indirectly, by Artis together with joint venturers;

- e. Artis will not directly or indirectly guarantee any indebtedness or liabilities of any person unless such guarantee (i) is given in connection with or incidental to an investment that is otherwise permitted pursuant to the Declaration of Trust, and (ii) has been approved by a majority of the Independent Trustees. In addition, Artis will not directly or indirectly guarantee any indebtedness or liabilities of any person if doing so would (A) disqualify Artis as a “mutual fund trust” within the meaning of the Tax Act, or (B) result in Artis losing any status under the Tax Act that is otherwise beneficial to Artis and its Unitholders;
- f. Artis will obtain an independent appraisal, or otherwise satisfy itself of the value, of each property that it intends to acquire;
- g. Artis will obtain and maintain at all times insurance coverage in respect of potential liabilities of Artis and the accidental loss of value of the assets of Artis from risks, in amounts, with such insurers, and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practices of owners of comparable properties;
- h. Artis will obtain or review such environmental audits of each real property to be acquired by it to the satisfaction of the Trustees. All new leases granted by Artis must contain appropriate covenants from the lessee respecting environmental matters as determined by the Trustees from time to time; and
- i. Artis will not incur or assume any indebtedness if, after the incurring or the assuming of the indebtedness, the total indebtedness of Artis would be more than 70% of the GBV. For the purposes of this provision, the term “indebtedness” means any obligation of Artis for borrowed money, provided that:
 - i. an obligation will only constitute indebtedness to the extent that it would appear as a liability on the consolidated balance sheet of Artis in accordance with GAAP;
 - ii. indebtedness excludes trade accounts payable, distributions payable to Unitholders, and accrued liabilities arising in the ordinary course of business;
 - iii. convertible debentures shall be deemed not to constitute indebtedness; and
 - iv. indebtedness excludes the redemption amount of Preferred Units that have been called for redemption if the Preferred Units were accounted for as equity instruments in accordance with GAAP prior to being called for redemption.

For the purpose of the foregoing policies, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by Artis will be deemed to be those of Artis on a proportionate consolidated basis. In addition, any references in the foregoing to investments in real property will be deemed to include an investment in a joint venture arrangement.

AMENDMENTS TO INVESTMENT GUIDELINES AND OPERATING POLICIES

Pursuant to the Declaration of Trust, all of the investment guidelines set out under the heading “Investment Guidelines and Operating Policies — Investment Guidelines” and the operating policies contained in subparagraphs (b), (d), (e), (f), (g) and (h) under the heading “Investment Guidelines and Operating Policies — Operating Policies” may be amended only with the approval of two-thirds of the votes cast by Trust Unitholders entitled to vote at a meeting of Trust Unitholders called for such purpose or with the approval of a majority of the Trustees and Independent Trustees. The remaining operating policies may be amended with the approval of a majority of the votes cast by Trust Unitholders entitled to vote at a meeting of Trust Unitholders called for such purpose or with the approval of the Independent Trustees.

 - iii. when there is to be a change in auditor, review the issues related to the change and the information to be included in the required notice to securities regulators of such change.

Conflicts of Interest

Certain Trustees and Officers are officers and directors of, or are otherwise associated with, other public and private companies. As noted above, Samir Manji, President and CEO of Artis and is also the founder and CEO of Sandpiper Group, of which Sandpiper is an affiliate. Such associations may give rise to conflicts of interest with the REIT from time to time. The Declaration of Trust does not restrict the Trustees or Officers of Artis from being engaged (directly or indirectly) in real estate and business transactions in which their individual interests actually, or are perceived to, conflict with the interests of Artis. The Declaration of Trust requires, among other things, the Trustees and Officers of Artis to act honestly and in good faith with a view to the best interest of the REIT, to disclose any personal interest which they may have in any material contract or transaction which is proposed to be entered into with the REIT and, in the case of Trustees, to abstain from voting as a Trustee for the approval of any such contract or transaction.

Further, the Declaration of Trust contains "conflict of interest" provisions that serve to protect Unitholders without creating undue limitations on Artis. As the Trustees may be engaged in a wide range of real estate and other activities, the Declaration of Trust contains provisions, similar to those contained in the Canada Business Corporations Act that require each Trustee to disclose to Artis any interest in a material contract or transaction or proposed material contract or transaction with Artis (including a contract or transaction involving the making or disposition of any investment in real property or a joint venture arrangement) or the fact that such person is a Director or Officer of or otherwise has a material interest in any person who is a party to a material contract or transaction or proposed material contract or transaction with Artis. Such disclosure is required to be made at the first meeting at which a proposed contract or transaction is considered. If a material contract or transaction or proposed material contract or transaction is one that in the ordinary course would not require approval by the Trustees, a Trustee is required to disclose in writing to Artis or request to have entered into the minutes of meetings of Trustees the nature and extent of his interest forthwith after the Trustee becomes aware of the contract or transaction or proposed contract or transaction. In any case, a Trustee who has made disclosure to the foregoing effect is not entitled to vote on any resolution to approve the contract or transaction unless the contract or transaction is one for indemnity under the provisions of the Declaration of Trust or liability insurance.
