Notes to Interim Condensed Consolidated Financial Statements

Three months and six months ended June 30, 2022 and 2021 (Unaudited)

(In thousands of Canadian dollars, except unit and per unit amounts)

Note 1. Organization

Artis Real Estate Investment Trust (the "REIT") is an unincorporated closed-end real estate investment trust created under, and governed by, the laws of the Province of Manitoba. The REIT was created pursuant to the Declaration of Trust dated November 8, 2004, as most recently amended and restated on December 19, 2021 (the "Declaration of Trust"). The REIT's vision is to become a best-in-class real estate asset management and investment platform focused on growing net asset value per unit and distributions for its investors through value investing. The REIT owns, manages, leases and develops industrial, office, retail and residential properties in Canada and the United States (the "U.S."), and holds other real estate investments. The registered office of the REIT is 600 - 220 Portage Avenue, Winnipeg, Manitoba, R3C 0A5.

The Declaration of Trust provides that the REIT may make cash distributions to common unitholders of the REIT. The amount distributed annually (currently \$0.60 per common unit) is set by the Board of Trustees. The amounts distributed annually to the preferred unitholders are \$1.4155 per Series A Unit, \$1.3680 per Series E Unit and \$1.50 per Series I Unit.

Note 2. Significant accounting policies

(a) Basis of presentation and measurement:

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting. Accordingly, certain information and note disclosures normally included in annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS") have been omitted or condensed.

These interim condensed consolidated financial statements have been prepared using the same accounting policies and methods as those used in the consolidated financial statements for the year ended December 31, 2021, except for those policies and standards adopted as described in note 2 (c). The REIT has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. These interim condensed consolidated financial statements have been prepared on a going concern basis and have been presented in Canadian dollars rounded to the nearest thousand dollars unless otherwise indicated.

These interim condensed consolidated financial statements should be read in conjunction with the REIT's consolidated financial statements for the year ended December 31, 2021.

(b) Use of estimates and judgments:

The preparation of the interim condensed consolidated financial statements requires management to make estimates, assumptions and judgments that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The critical accounting estimates and judgments have been set out in note 2 to the REIT's consolidated financial statements for the year ended December 31, 2021. There have been no changes to the critical accounting estimates and judgments during the six months ended June 30, 2022.

(c) New or revised accounting standards adopted during the period:

In May 2020, the IASB issued amendments to IFRS 3 Business Combinations. The amendments update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework. The amendments also add to IFRS 3 a requirement that, for obligations within the scope of IAS 37, an acquirer applies IAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of IFRIC 21 Levies, the acquirer applies IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. Finally, the amendments add an explicit statement that an acquirer does not recognize contingent assets acquired in a business combination. These amendments had no impact on the interim condensed consolidated financial statements.

In May 2020, the IASB issued amendments to IAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract. These amendments had no impact on the interim condensed consolidated financial statements as no onerous contracts were identified during the period.

As part of its 2018-2020 annual improvements to IFRS standards process, the IASB issued an amendment to IFRS 9. The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. These amendments were adopted when assessing the terms of the new and modified financial liabilities during the period and have no material impact on the interim condensed consolidated financial statements.

Note 3. Acquisitions and dispositions of investment properties

Acquisitions:

The REIT did not acquire any properties during the six months ended June 30, 2022.

On January 26, 2021, the REIT acquired an additional 5% interest in Park 8Ninety IV, an industrial property located in the Greater Houston Area, Texas. Prior to the acquisition date, the REIT owned 95% of this investment property and the property was classified as a joint venture and accounted for using the equity method. As a result of this acquisition, the REIT owns 100% of the property and accounts for it on a consolidated basis. The REIT accounted for this acquisition as a step acquisition and remeasured its existing 95% interests to fair value at the acquisition date.

On May 7, 2021, the REIT acquired a parcel of industrial development land in the Twin Cities Area, Minnesota.

The acquisition of the 5% interest in Park 8Ninety IV has been accounted for using the acquisition method, with the results of operations included in the REIT's accounts from the date of acquisition. The net assets acquired, excluding the acquisitions of equity accounted investments and including the acquisition of land, were as follows:

	Three	mont	hs ended:	Six	Six months ended		
			June 30,			June 30,	
	2022		2021	2022		2021	
Investment properties	\$ _	\$	1,994	\$ _	\$	2,869

Other net assets						3	
	_		1,994	_		2,385	
Consideration was comprised of the following:							
Cash consideration	_		1,994	_		2,385	
Total consideration	\$ _	\$	1,994	\$ _	\$	2,385	
Transaction costs expensed	\$ _	\$	_	\$ _	\$	11	

Dispositions:

The REIT disposed of the following properties during the six months ended June 30, 2022:

Property	Property count	Location	Disposition date	Asset class
Cancross Office Portfolio	2	Greater Toronto Area, ON	January 20, 2022	Office
2150-2180 Dunwin Drive	1	Greater Toronto Area, ON	March 10, 2022	Industrial
Meadowvale Office	1	Greater Toronto Area, ON	June 24, 2022	Office
Rocky Mountain Business Center	1	Greater Denver Area, CO	June 30, 2022	Industrial

The cash proceeds received from the sale of the above properties, net of costs and related debt, were \$109,919. The assets and liabilities associated with the properties were derecognized.

The REIT disposed of the following properties during the six months ended June 30, 2021:

Property	Property count	Location	Disposition date	Asset class
C: C (1)		Fort Mahler and A.D.	A - : 110 2021	Datail
Signal Centre ⁽¹⁾	-	Fort McMurray, AB	April 12, 2021	Retail
Victoria Square Retail Portfolio	2	Regina, SK	April 15, 2021	Retail
Fleet Street Crossing	1	Regina, SK	April 28, 2021	Retail
Sierra Place	1	Calgary, AB	May 4, 2021	Office

⁽¹⁾ Signal Centre was comprised of two parcels of land with two buildings on each respective parcel. On April 12, 2021, the REIT sold one of these parcels.

The cash proceeds received from the sale of the above properties, net of costs and related debt, were \$44,166. The assets and liabilities associated with the properties were derecognized.

Balance, end of year	\$ 3,741,544	\$ 195,161	\$ 62,904

⁽¹⁾ On January 26, 2021, the REIT increased its ownership interest in Park 8Ninety IV to 100%. See note 3 for further information.

At June 30, 2022, investment properties under development included 300 Main, a commercial and residential/multi-family development project with a fair value of \$189,931 (December 31, 2021, \$174,997). Estimation of the fair value of investment properties under development is subject to uncertainty due to development risks including development costs exceeding original estimates, construction or other unforeseen timing delays and leasing on a timely basis or at anticipated rates upon completion.

The REIT had 28 industrial properties, four office properties, two industrial properties under development and two parcels of development land classified as investment properties held for sale that were actively marketed for sale or under conditional sale agreements at June 30, 2022 (December 31, 2021, one industrial and two office properties). The properties held for sale had an aggregate mortgage payable balance of \$193,563 at June 30, 2022 (December 31, 2021, \$nil). This balance is not accounted for as held for sale but is included in current liabilities as the REIT intends to repay the mortgages upon disposition of the related investment properties.

⁽²⁾ During the year ended December 31, 2021, interest was capitalized to investment properties under development at a weighted-average effective rate of 1.98%.

⁽³⁾ During the year ended December 31, 2021, the REIT contributed capitalized development expenditures to Park Lucero East, an equity accounted associate.

At June 30, 2022, included in investment properties was \$49,547 (December 31, 2021, \$48,916) of net straight-line rent receivables arising from the recognition of rental income on a straight-line basis over the lease term.

Investment properties include right-of-use assets held under a lease with an aggregate fair value of \$11,140 at June 30, 2022 (December 31, 2021, \$11,448). The lease payments required under this lease were fully paid at the time of acquisition of the property.

At June 30, 2022, investment properties with a fair value of \$2,062,832 (December 31, 2021, \$2,096,861) were pledged as security under mortgage agreements.

The REIT obtains external valuations for a selection of properties representing various geographical regions and asset classes across its portfolio. For the six months ended June 30, 2022, properties (including the REIT's ownership interest in properties held in equity accounted investments except for those held in Iris Acquisition II LP) with an appraised value of \$398,870 (year ended December 31, 2021, \$775,751), were appraised by qualified external valuation professionals. The REIT uses similar assumptions and valuation techniques in its internal valuations as used by the external valuation professionals. Internal valuations are performed by the REIT's valuations team who report directly to the Chief Financial Officer. The valuations processes and results are reviewed by management on a quarterly basis.

The REIT determines the fair value of investment properties based upon either the discounted cash flow method or the overall capitalization method. Under the discounted cash flow method, expected future cash flows are discounted using an appropriate rate based on the risk of the property. Expected future cash flows for each investment property are based upon, but not limited to, rental income from current leases, budgeted and actual expenses, and assumptions about rental income from future leases. The REIT uses leasing history, market reports, tenant profiles and building assessments, among other things, in determining the most appropriate assumptions. Discount and capitalization rates are estimated using market surveys, available appraisals and market comparables. Under the overall capitalization method, year one net income is stabilized and capitalized at a rate appropriate for each investment property. The stabilized net income incorporates allowances for vacancy, management fees and structural repair reserves. The resulting capitalized value is further adjusted, where appropriate, for costs to stabilize the net income and non-recoverable capital expenditures. There were no changes to the REIT's internal valuation methodology during the six months ended June 30, 2022 and year ended December 31, 2021.

A change in the discount or capitalization rates used could have a material impact on the fair value of the REIT's investment properties. When discount or capitalization rates compress, the estimated fair values of investment properties increase. When discount or capitalization rates expand, the estimated fair values of investment properties decrease.

A change in estimated future rental income and expenses could have a material impact on the fair value of the REIT's investment properties. Estimated rental income and expenses are affected by, but not limited to, changes in rent and expense growth and occupancy rates.

The impact of the COVID-19 pandemic has created estimation uncertainty in the determination of the fair values of investment properties as at June 30, 2022. The REIT has made assumptions with respect to the duration and severity of the pandemic, as well as the duration of the subsequent economic recovery, in estimating the amount and timing of future cash flows generated from investment properties and used in the determination of fair values. As a result of this estimation uncertainty, there is a risk that the assumptions used to determine fair values as at June 30, 2022 may change as more information becomes available, resulting in a material adjustment to the fair values of investment properties in future reporting periods.

Under the fair value hierarchy, the fair value of the REIT's investment properties is considered a Level 3, as described in note 23.

The REIT has used the following rates and investment horizons in estimating the fair value of investment properties:

		· ·	lune 30, 2022		Decer	mber 31, 2021
	Maximum	Minimum	Weighted- average	Maximum	Minimum	Weighted- average
Canada:

The above information represents the REIT's entire portfolio of investment properties, excluding properties held in the REIT's equity accounted investments.

Note 5. Equity accounted investments and preferred investments

The REIT has the following equity accounted investments:

			C	Ownership interest
	Principal purpose	Location	June 30, 2022	December 31, 2021
Associates:		Greater Montreal & Quebec		
Iris Acquisition II LP	Investment in Cominar Real Estate Investment Trust	City Areas, QC/Greater Ottawa Area, ON	32.64 %	—%
Park Lucero East	Investment property	Greater Phoenix Area, AZ	10.00 %	10.00 %
Joint ventures:				
Park 8Ninety II	Investment property	Greater Houston Area, TX	95.00 %	95.00 %
Park 8Ninety V	Investment property	Greater Houston Area, TX	95.00 %	95.00 %
Corridor Park	Investment property	Greater Houston Area, TX	90.00 %	90.00 %
Graham Portfolio	Investment property	Various Cities, AB/BC/SK	75.00 %	75.00 %
The Point at Inverness	Investment property	Greater Denver Area, CO	50.00 %	50.00 %
ICE LP	Investment in Iris Acquisition II LP	_	50.00 %	—%
ICE II LP	Investment in the asset manager of Cominar Real Estate Investment Trust	_	50.00 %	<u> </u>

On March 1, 2022, the REIT contributed \$112,000 to acquire common equity units of Iris Acquisition II LP ("Iris"), an entity formed to acquire the outstanding units of Cominar Real Estate Investment Trust ("Cominar") for consideration of \$11.75 per unit in cash under a Plan of Arrangement. As part of the consideration, the REIT contributed its previously-owned Cominar units with a fair value of \$13,488. The REIT's investment in 32.64% of the outstanding common equity units of Iris is determined to be an investment in an associate and measured using the equity method, on the basis that the REIT has significant influence over this investment through representation on the Board of Cominar and the Board of the ultimate general partner of Iris.

In addition, the REIT acquired junior preferred units of Iris for \$100,000. The junior preferred units have a rate of return of 18.00% per annum, are redeemable by Iris at any time and are redeemable by the REIT commencing on March 1, 2025. Distributions on the junior preferred units are paid quarterly in cash, or at the election of Iris, in-kind through additional junior preferred units. The REIT's investment in the junior preferred units is classified as a financial instrument measured at amortized cost. During the six months ended June 30, 2022, the REIT received income from its investment in the junior preferred units.

In connection with the investment in Iris, the REIT, Sandpiper Asset Management Inc. ("Sandpiper") and an affiliate of Sandpiper entered into two joint ventures, ICE LP and ICE II LP. ICE LP holds a 33.33% interest in the ultimate general partner of Iris and an equity interest in Iris with profit participation rights. ICE II LP holds a 33.33% interest in the asset manager of Cominar. Under the asset management agreement, the asset manager earns a monthly fee of 1/12th of 1.75% of the net asset value of Iris. The asset management agreement has an initial term of six years with an automatic renewal of one year thereafter. The REIT's 50% interest in each of ICE LP and ICE II LP are determined to be joint ventures and measured using the equity method, on the basis that the REIT has joint control over these entities. Sandpiper is a related party to the REIT (see note 18). During the six months ended June 30, 2022, the REIT contributed \$5 in aggregate to ICE LP and ICE II LP.

In addition, during the six months ended June 30, 2022, the REIT contributed \$364 to Corridor Park, Park 8Ninety V and Park 8Ninety II equity accounted investments.

The REIT is contingently liable for the obligations of certain associates and joint ventures. As at June 30, 2022, the co-owners' share of mortgage liabilities was \$49,069 (December 31, 2021, \$30,388). Management has assessed that the assets available from its associates and joint ventures are sufficient for the purpose of satisfying such obligations.

Summarized financial information of the REIT's share in its equity accounted investments is as follows:

						June	30, 2022	2 December 3				31, 2021

Note 6. Joint operations

The REIT has interests in the following joint operations:

				Ownership interest
Personal	Louis	District	June 30,	December 31,
Property	Location	Principal purpose	2022	2021
Joint operations:				
Cliveden Building	Greater Vancouver Area, BC	Investment property	50.00 %	50.00 %
Kincaid Building	Greater Vancouver Area, BC	Investment property	50.00 %	50.00 %

The REIT includes its proportionate share of the assets, liabilities, revenues, expenses and cash flows of the joint operations in these interim condensed consolidated financial statements.

The REIT is contingently liable for the obligations of certain joint operations. As at June 30, 2022, the co-owners' share of mortgage liabilities was \$4,293 (December 31, 2021, \$4,532). Management has assessed that the assets available from its joint operations are sufficient for the purpose of satisfying such obligations.

Note 7. Accounts receivable and other receivables

	June 30, 2022	De	ecember 31, 2021
Rents receivable	\$ 6,604	\$	5,578
Deferred rents receivable	349		955
Allowance for doubtful accounts	(1,968)		(1,717)
Accrued recovery income	2,626		3,181
Other receivables	7,649		6,799
	15,260		14,796
Non-current portion of deferred rents receivable, net of related allowance for doubtful accounts of \$55 (December 31, 2021, \$53)	82		122
Current portion	\$ 15,178	\$	14,674

Refer to note 22 for further discussion on credit risk and allowance for doubtful accounts.

Note 8. Mortgages and loans payable

	June 30, 2022	D	ecember 31, 2021
Mortgages and loans payable	\$ 1,027,286	\$	1,087,521
Net above- and below-market mortgage adjustments	1,187		1,604
Financing costs	(3,805)		(4,086)
	1,024,668		1,085,039
Current portion	492,880		301,910
Non-current portion	\$ 531,788	\$	783,129

Certain of the REIT's investment properties have been pledged as security under mortgages and other security agreements. As at June 30, 2022, 35.2% of the REIT's mortgages and loans payable bear interest at fixed rates (December 31, 2021, 36.3%), and a further 37.8% of the REIT's mortgages and loans payable bear interest at variable rates with interest rate swaps in place (December 31, 2021, 37.5%). The weighted-average effective rate on all mortgages and loans payable was 3.70% and the weighted-average nominal rate was 3.47% at June 30, 2022 (December 31, 2021, 3.31% and 3.04%, respectively). Maturity dates range from July 1, 2022 to June 1, 2031.

The REIT's mortgage providers have various financial covenants. The REIT monitors these covenants, which are primarily debt service coverage ratios. Mortgages and loans payable with maturities within 12 months or are payable on demand as a result of a financial covenant breach are classified as current liabilities.

Note 9. Senior unsecured debentures

Particulars of the REIT's outstanding senior unsecured debentures are as follows:

Senior unsecured debenture issue		Issue	date		Matu	rity date		Appli	Applicable interest

		Face value	Ur	namortized financing costs		Carrying value		Current portion	I	Non-current portion		
Series D Series E	\$	250,000 200,000	\$	(469) (724)	\$	249,531 199,276	\$		\$	249,531 199,276		
June 30, 2022 December 31, 2021	\$	450,000 250,000	\$	(1,193) (654)	\$	448,807 249,346	\$	_ _	\$	448,807 249,346		

On September 18, 2020, the REIT issued 3.824% Series D senior unsecured debentures for gross proceeds of \$250,000. Interest is payable semi-annually on September 18 and March 18 in each year. These debentures are redeemable, at the option of the REIT, at a price equal to the greater of (i) the Canada Yield Price (as defined in the supplemental indenture) and (ii) par. The debentures rank equally with all other indebtedness of the REIT.

On April 29, 2022, the REIT issued 5.600% Series E senior unsecured debentures for gross proceeds of \$200,000. Interest is payable semi-annually on October 29 and April 29 in each year. These debentures are redeemable, at the option of the REIT, at a price equal to the greater of (i) the Canada Yield Price (as defined in the supplemental indenture) and (ii) par. The debentures rank equally with all other indebtedness of the REIT.

During the three and six months ended June 30, 2022, financing cost amortization of \$134 and \$226 (2021, \$90 and \$242) was recorded.

Interest expense on the senior unsecured debentures is determined by applying the effective interest rate to the outstanding liability balance. The difference between actual cash interest payments and interest expense is an accretion to the liability.

In accordance with the Series D and Series E senior unsecured debenture supplemental indentures, the REIT must maintain various financial covenants. As at June 30, 2022, the REIT was in compliance with these requirements.

Note 10. Credit facilities

The REIT has unsecured revolving term credit facilities in the aggregate amount of \$700,000, which can be utilized for general corporate and working capital purposes, short-term financing of investment property acquisitions and the issuance of letters of credit. The REIT can draw on the facilities in Canadian or US dollars.

Upon maturity on February 4, 2022, the REIT repaid \$100,000 of the non-revolving credit facility and entered into an amended agreement for the remaining balance of \$100,000 with a maturity date of February 6, 2023. On May 31, 2022 and June 27, 2022, the REIT entered into amended agreements for the two unsecured non-revolving term credit facilities in the aggregate amount of \$300,000 to extend the maturity dates to July 18, 2023 and October 6, 2022, respectively. All non-revolving credit facilities can be utilized for general corporate and working capital purposes, property acquisitions and development financing.

The REIT's unsecured credit facilities are summarized as follows:

			une 30, 2022 December		nber 31, 2021	
	Borrowing capacity	Amounts drawn	Available to be drawn ⁽¹⁾	Amounts drawn	Available to be drawn ⁽¹⁾	Applicable interest rates
Revolving facilities maturing December 14, 2022	\$ 400,000	\$ 192,000	\$ 208,000	\$ —	\$ 400,000	BA rate plus 1.70% or prime plus 0.70% or LIBOR plus 1.70% or U.S. base rate plus 0.70%
Revolving facility maturing April 29, 2023	300,000	235,974	64,026	131,851	168,149	BA rate plus 1.70% or prime plus 0.70% or LIBOR plus 1.70% or U.S. base rate plus 0.70%
Non-revolving facility maturing February 6, 2023	100,000	100,000	_	200,000	_	BA rate plus 1.60% or prime plus 0.60% ⁽²⁾
Non-revolving facility maturing October 6, 2022	150,000	150,000	_	150,000	_	3.57% ⁽³⁾
Non-revolving facility maturing July 18, 2023	150,000	150,000	_	150,000	_	3.50% (4)
Financing costs		(464)		(598)		
Total credit facilities	\$ 1,100,000	\$ 827,510	\$ 272,026	\$ 631,253	\$ 568,149	
Current portion		677,626		499,610		
Non-current portion		\$ 149,884		\$ 131,643		

⁽¹⁾ Under the terms of the revolving credit facilities, the REIT must maintain a minimum unencumbered property assets to consolidated unsecured indebtedness ratio of 1.4. As at June 30, 2022, the total borrowing capacity of the revolving credit facilities was limited to \$572,926 (December 31, 2021, limited to \$635,313).

For purposes of the credit facilities, the REIT must maintain various financial covenants. As at June 30, 2022, the REIT was in compliance with these requirements.

Note 11. Unitholders' equity

(a) Common units:

(i) Authorized:

In accordance with the Declaration of Trust, the REIT may issue an unlimited number of common units, with each unit representing an equal undivided interest in any distributions from the REIT and in the net assets in the event of termination or wind-up of the REIT. All units are of the same class with equal rights and restrictions.

(ii) Issued and outstanding:

	Number of units	Amount
Balance at December 31, 2020	134,643,175	\$ 1,754,601
Restricted units redeemed	26,172	293
Deferred units redeemed	12,953	135
Units acquired and cancelled through normal course issuer bid	(10,967,022)	(142,912)
Units acquired through normal course issuer bid, not cancelled at year end	(170,742)	(2,225)
Special distribution in units (1)		256,091
Balance at December 31, 2021	123,544,536	1,865,983
Restricted units redeemed	11,680	142
Units acquired and cancelled through normal course issuer bid	(7,769,208)	(117,675)
Balance at June 30, 2022	115,787,008	\$ 1,748,450

⁽¹⁾ The common units issued as part of the special distribution declared on December 31, 2021 were consolidated such that each unitholder held the same number of units after the consolidation as each unitholder held prior to the special non-cash distribution.

⁽²⁾ Prior to the amendment, the non-revolving credit facility that matured on February 4, 2022 had an applicable interest rate of 2.22% under an interest rate swap.

⁽³⁾ The REIT has entered into an interest rate swap maturing on July 6, 2022. Subsequent to July 6, 2022, the applicable interest rate is the BA rate plus 1.60% or prime plus 0.60%.

⁽⁴⁾ The REIT has entered into an interest rate swap maturing on July 18, 2022. Subsequent to July 18, 2022, the applicable interest rate is the BA rate plus 1.70% or prime plus 0.70%.

(b) Preferred units:

In accordance with the Declaration of Trust, the REIT may issue an unlimited number of preferred units. Particulars of the REIT's outstanding preferred units are as follows:

	Series A		Series E		Series I		Total
	2.257.200		2 700 000		4.0/5.540		12 100 020

The REIT may redeem the Series A, Series E or Series I Units on the respective distribution rate reset date and every five years thereafter. The holders of the Series A, Series E and Series I Units have the right to reclassify their Units into Series B, Series F and Series J Units, respectively, on the distribution rate reset date and every five years thereafter.

The Series A Units, Series E Units and Series I Units rank equally with each other and with the outstanding Series B Units, Series F Units and Series J Units into which they may be reclassified, and rank in priority to the trust units.

(c) Normal course issuer bid:

On December 15, 2021, the REIT announced that the Toronto Stock Exchange ("TSX") approved the renewal of its normal course issuer bid ("NCIB"). Under the renewed bid, the REIT has the ability to purchase for cancellation up to a maximum of 10% of the REIT's public float of common units and preferred units as at December 3, 2021 as follows:

	Public float	10% of public float
Common units	87,881,761	8,788,176
Preferred unit series:		
Series A	3,300,400	330,040
Series E	3,707,734	370,773
Series I	4,865,540	486,554

Purchases will be made at market prices through the facilities of the TSX and/or alternative Canadian trading systems and all common units and preferred units acquired by the REIT under this bid will be cancelled. This bid will remain in effect until the earlier of December 16, 2022, or the date on which the REIT has purchased the maximum number of units permitted under the bid. During the six months ended June 30, 2022, the REIT acquired 7,769,208 common units at market prices aggregating \$97,111, resulting in contributed surplus of \$20,564, which was the excess of stated capital over redemption proceeds. As at June 30, 2022, the REIT had purchased the maximum number of common units allowed under the applicable term of the bid. During the six months ended June 30, 2022, the REIT also acquired 44,600, 57,500 and 11,600 Series A, E and I Units, respectively, at market prices aggregating \$2,758, resulting in reduction of contributed surplus of \$27, which was the excess of redemption proceeds over stated capital.

During the year ended December 31, 2021, the REIT acquired 11,137,764 common units at market prices aggregating \$125,772, resulting in contributed surplus of \$19,365, which was the excess of stated capital over redemption proceeds. During the year ended December 31, 2021, the REIT also acquired 60,600 and 88,588 Series A and E Units, respectively, at market prices aggregating \$3,485, resulting in contributed surplus of \$96, which was the excess of stated capital over redemption proceeds.

(d) Short form base shelf prospectus:

On October 18, 2021, the REIT issued a short form base shelf prospectus. The REIT may from time to time during the 25-month period that this short form base shelf prospectus is valid, offer and issue the following securities up to a maximum of \$1,000,000 (i) common units of the REIT; (ii) preferred units, which may be issuable in series; (iii) debt securities, which may consist of debentures, notes or other types of debt and may be issuable in series; (iv) unit purchase warrants; and (v) subscription receipts to purchase trust securities. As at June 30, 2022, the REIT had not issued any securities under this short form base shelf prospectus.

(e) Weighted-average common units:

		Three	mon	ths ended		Six	mon	ths ended
				June 30,				June 30,
		2022		2021		2022		2021
Net (loss) income	\$	(19,556)	\$	217,056	\$	217,457	\$	288,916
Adjustment for distributions to preferred unitholders (note 12)		(4,259)		(4,322)		(8,536)		(8,659)
Net (loss) income attributable to common unitholders		(23,815)		212,734		208,921		280,257
Adjustment for restricted units		(212)		136		124		189
Adjustment for deferred units		(399)		(140)		(395)		(318)
Diluted net (loss) income attributable to common unitholders	\$	(24,426)	\$	212,730	\$	208,650	\$	280,128
The weighted-average number of common units outstanding was as follows:	ws:							
Basic common units	11	8,364,595	131,594,822		120,116,779		13	32,843,890
Effect of dilutive securities:								
Restricted units		425,446		384,412		391,093		362,845
Deferred units		164,957		78,817		158,371		69,817
Diluted common units	11	8,954,998	13	32,058,051	12	20,666,243	13	3,276,552
Net (loss) income per unit attributable to common unitholders:								
Basic	\$	(0.20)	\$	1.62	\$	1.74	\$	2.11
Diluted	•	(0.21)	•	1.61	•	1.73	•	2.10

The computation of diluted net (loss) income per unit attributable to common unitholders includes restricted units and deferred units when these instruments are dilutive. For the three and six months ended June 30, 2022 and 2021, there were no anti-dilutive units.

Note 12. Distributions to unitholders

Total distributions declared to unitholders were as follows:

		Thre	e mont	hs ended:	d Three months ended			
			June	e 30, 2022			June 30, 2021

Other derivatives	772		(73)		375		(73)	
Equity securities	(49,124)		54		(39,069)		54	
	\$ (43,854)	\$	6.026	\$	(23,661)	\$	13,144	

Note 16. Income taxes

	Three months ended			Six months ende				
	June 30,						June 30,	
	2022		2021		2022		2021	
Current income tax expense	\$ 264	\$	686	\$	358	\$	816	
Deferred income tax (recovery) expense, net	(1,054)		(19)		30,819		(15)	
Income tax (recovery) expense	\$ (790)	\$	667	\$	31,177	\$	801	

(a) Canadian taxes:

The REIT currently qualifies as a mutual fund trust and a real estate investment trust ("REIT") for Canadian income tax purposes. Under current tax legislation, income distributed annually by the REIT to unitholders is a deduction in the calculation of its taxable income. As the REIT intends to distribute all of its taxable income to its unitholders, the REIT does not record a provision for current Canadian income taxes.

The REIT's investment in Iris is held in a taxable subsidiary. During the six months ended June 30, 2022, the REIT recognized a deferred tax liability of \$26,711 primarily as a result of the bargain purchase gain and transaction costs relating to the acquisition of Cominar by Iris (see note 5).

(b) U.S. taxes:

The REIT's U.S. properties are owned by subsidiaries that are REITs for U.S. income tax purposes. These subsidiaries intend to distribute all of their U.S. taxable income to Canada and are entitled to deduct such distributions for U.S. income tax purposes. As a result, the REIT does not record a provision for current federal U.S. income taxes on the taxable income earned by these subsidiaries. These U.S. subsidiaries are subject to certain state taxes and a 21% to 30% withholding tax on distributions to Canada. Any withholding taxes paid are recorded with the related distributions.

The REIT is subject to federal and state taxation in the U.S. on the taxable income earned by its U.S. management subsidiary.

Note 17. Supplemental cash flow information

(a) Other items not affecting cash:							
	Three	mont	ns ended		Six	mont	ths ended

Note 18. Related party transactions

Sandpiper is a related party by virtue of being a company under joint control of the President and Chief Executive Officer of the REIT.

Effective May 1, 2021, the REIT entered into a Space Sharing Licence Agreement with Sandpiper for use of certain office premises for an annual fee of \$130 inclusive of taxes. The agreement has a two-year term, with an automatic one-year extension unless terminated by either party upon written notice no later than 120 days before the end of the term or extension term.

Effective May 17, 2021, the REIT entered into a Services Agreement with Sandpiper to provide certain services to support the REIT's strategy to acquire ownership positions in publicly-listed real estate entities. The annual fee payable to Sandpiper is 0.50% for years one to three, 0.40% for year four, and 0.30% for year five and thereafter, based on the net value of the investments made by the REIT pursuant to this agreement. The agreement continues until termination by either party upon 60-day written notice, or upon other specific circumstances.

Fees paid and accrued to Sandpiper were as follows:

	Three	mon	ths ended	Six months en		
			June 30,			June 30,
	2022		2021	2022		2021

Service fees	290		1	410		1
	\$ 321	\$	22	\$ 472	\$	22

Amounts payable to Sandpiper were \$286 as at June 30, 2022 (December 31, 2021, \$76).

In connection with the investment in Iris on March 1, 2022, the REIT entered into two joint ventures, ICE LP and ICE II LP, with Sandpiper and an affiliate of Sandpiper (see note 5).

Note 19. Segmented information

The REIT owns and operates properties located in Canada and the U.S., through direct ownership and equity accounted investments. These properties are managed and reported internally by country. The segmented information for Canada and U.S. presented below includes the REIT's proportionate share of revenue, expenses, assets and liabilities of investment properties held in equity accounted investments which were set up to develop and operate specific investment properties. The REIT's investments in Iris Acquisition II LP, ICE LP and ICE II LP ("Iris Entities" - see note 5) are considered separately by executive management and evaluated based on the distributions received. Accordingly, the investments in Iris Entities are not allocated to the segments. In addition, other REIT income (expenses), including interest relating to senior unsecured debentures and credit facilities, distribution income from equity securities and fair value gain (loss) on financial instruments, have not been allocated to the segments.

Note 20. Contingencies and guarantees

(a) Letters of credit:

As at June 30, 2022, the REIT had issued letters of credit in the amount of \$63 (December 31, 2021, \$75).

(b) Contingencies:

The REIT is contingently liable for bonds that have been provided to support industrial development projects in the amount of \$4,080 (December 31, 2021, \$5,842).

The REIT performs an assessment of legal and tax proceedings and claims which have occurred or could occur as a result of ongoing operations. In the opinion of management and based on the information available, any liability that may arise from such contingencies in excess of existing accruals would not have a material adverse effect on the interim condensed consolidated financial statements.

(c) Guarantees:

At June 30, 2022, the REIT has guaranteed certain debt assumed by purchasers in connection with the dispositions of two properties (December 31, 2021, two properties). These guarantees will remain until the debt is modified, refinanced or extinguished. Credit risk arises in the event that the purchasers default on repayment of their debt since it is guaranteed by the REIT. This credit risk is mitigated as the REIT has recourse under these guarantees in the event of default by the purchasers, in which case the REIT would have a claim against the underlying properties. The estimated amount of debt subject to the guarantees at June 30, 2022 was \$42,622 (December 31, 2021, \$43,586), with an estimated weighted-average remaining term of 0.9 years (December 31, 2021, 1.4 years). Management has assessed the estimated fair values of the borrowers' interests in the underlying properties compared to the mortgage balances and the risk of default by the borrowers and determined that a provision is not required to be recognized in the interim condensed consolidated financial statements.

Note 21. Capital management

The REIT's objectives when managing capital are to safeguard the ability to continue as a going concern and to generate sufficient returns to provide unitholders with stable cash distributions. The REIT defines capital as mortgages and loans payable, senior unsecured debentures, credit facilities and unitholders' equity.

The REIT's Declaration of Trust permits the REIT to incur indebtedness, provided that after giving effect to incurring or assuming any indebtedness (as defined in the Declaration of Trust), the amount of such indebtedness of the REIT is not more than 70% of the gross book value of the REIT's total assets. As at June 30, 2022, the ratio of indebtedness to gross book value was 46.0% (December 31, 2021, 42.9%), which is consistent with the REIT's objectives. Gross book value is defined as the consolidated book value of the assets of the REIT, plus the amount of accumulated depreciation of property and equipment. Total debt includes mortgages and loans, debentures, preferred shares liabilities and credit facilities. As at June 30, 2022, the REIT is in compliance with the requirement in the Declaration of Trust.

The total managed capital for the REIT is summarized below:

		June 30,	ecember 31,
	Note	2022	2021
Mortgages and loans payable	8	\$ 1,024,668	\$ 1,085,039
Senior unsecured debentures	9	448,807	249,346
Credit facilities	10	827,510	631,253
		0.000.005	4 0 4 = 4 0 0
Total debt		2,300,985	1,965,638
Unitholders' equity		2,550,704	2,455,353
		\$ 4,851,689	\$ 4,420,991

Note 22. Risk management

In the normal course of business, the REIT is exposed to a number of risks arising from its financial instruments. The most significant of these risks, and the actions taken to manage them, are as follows:

(a) Market risk:

(i) Interest rate risk:

The REIT is exposed to interest rate risk on its borrowings. The Declaration of Trust restricts the REIT's indebtedness to 70% of the gross book value of the REIT's total assets. The REIT also monitors the amount of variable rate debt. The majority of the REIT's debt financing is in fixed rate terms or variables rates with interest rate swaps in place. In addition, management considers the weighted-average term to maturity of long-term debt relative to the remaining average lease terms. At June 30, 2022, the REIT had variable rate debt, including credit facilities, of \$1,494,027 (December 31, 2021, \$1,324,662). At June 30, 2022, the REIT had entered into interest rate swaps to hedge the interest rate risk associated with \$688,751 of variable rate debt, including swaps on credit facilities (December 31, 2021, \$907,516).

(ii) Foreign currency risk:

The REIT owns properties located in the U.S., and therefore, the REIT is subject to foreign currency fluctuations that may impact its financial position and results. In order to mitigate this risk, the REIT's debt on U.S. properties and a portion of the amounts drawn on credit facilities are held in US dollars to act as a natural hedge.

A \$0.10 weakening in the US dollar against the calculated average Canadian dollar exchange rate of 1.2791 and 1.2719 for the three and six months ended June 30, 2022, and the period end exchange rate of 1.2886 at June 30, 2022, would have decreased net loss by approximately \$7,041 for the three months ended June 30, 2022 and increased net income by \$82 for the six months ended June 30, 2022. A \$0.10 weakening in the US dollar against the Canadian dollar would have decreased other comprehensive income by approximately \$128,539 and \$121,579 for the three and six months ended June 30, 2022. Conversely, a \$0.10 strengthening in the US dollar against the Canadian dollar would have had an equal but opposite effect. This analysis assumes that all variables, in particular interest rates, remain constant.

(iii) Other price risk:

The fair value of investments in equity securities will vary as a result of changes in market prices of the investments. Market prices are subject to fluctuation and, consequently, the amount realized in subsequent periods may differ from the reported market value and amounts realized from disposition of a security may be affected by the quantity of the security being sold. Further, fluctuations in the market price of a security may have no relation to the intrinsic value of the security. The REIT manages its equity price risk by limiting the size of these investments relative to its total assets.

(b) Credit risk:

The REIT's maximum exposure to credit risk is equivalent to the carrying value of each class of financial asset as separately presented in cash, cash held in trust, accounts receivable and other receivables, deposits on investment properties, notes receivable and preferred investments.

The REIT is exposed to credit risk as an owner of real estate in that tenants may become unable to pay the contracted rents. Management mitigates this risk by carrying out appropriate credit checks and related due diligence on the significant tenants. The REIT's properties are diversified across the industrial, office and retail asset classes, and geographically diversified with properties owned across five Canadian provinces and six U.S. states.

The REIT measures loss allowance for rents receivable at the lifetime expected credit losses. In determining the expected credit losses, the REIT takes into account the expectations of future defaults and rent abatements based on payment history, tenant communications and economic conditions, as well as the impact of COVID-19 on tenants' ability to pay. In an effort to support tenants adversely impacted by the pandemic, certain qualifying tenants were given the option to defer a portion of their rent, with an agreement to repay the deferred amount at a specified later date.

Included in property operating expenses are expected credit losses of \$319 and \$335 during the three and six months ended June 30, 2022 (three and six months ended June 30, 2021, \$91 and \$226).

The REIT is also exposed to credit risk as a holder of notes receivable and preferred investments. Management mitigates this risk by carrying out credit checks and related due diligence on the issuers and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. In addition, management monitors ongoing repayments and evaluates market conditions that may affect issuers' ability to repay.

(c) Liquidity risk:

Liquidity risk is the risk that the REIT will not be able to meet its financial obligations as they come due. The REIT manages liquidity risk by maintaining adequate cash and by having appropriate credit facilities available. In addition, the REIT continuously monitors and reviews both actual and forecasted cash flows.

The following are the estimated maturities of the REIT's financial liabilities at June 30, 2022 including accounts payable and other liabilities, lease liabilities, credit facilities, senior unsecured debentures and mortgages and loans payable. All debentures are disclosed at their face value.

	Total	Less than 1 year		1 - 3 years		4 - 5 years		After 5 years
Accounts payable and other liabilities	\$ 83,173	\$	83,173	\$	_	\$	_	\$ _
Lease liabilities	1,273		296		367		290	320
Credit facilities	827,974		677,974		150,000		_	_
Senior unsecured debentures	450,000		_		450,000		_	_
Mortgages and loans payable	1,027,286		335,899		486,094		154,215	51,078
	\$ 2,389,706	\$	1,097,342	\$	1,086,461	\$	154,505	\$ 51,398

Note 23. Fair value measurements

The REIT uses a three-level hierarchy that reflects the significance of the inputs used in making fair value measurements of its financial instruments and its investment properties. Level 1 of the fair value hierarchy uses quoted market prices in active markets for identical assets or liabilities to determine the fair value of assets and liabilities. Level 2 includes valuations using inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 valuations are based on inputs for the asset or liability that are not based on observable market data.

There were no transfers of assets or liabilities between hierarchy levels during the six months ended June 30, 2022 and the year ended December 31, 2021.

			June 30, 2022		De	cember 31, 202

		\$ 2,113,509	\$	2,130,588	\$ 2,140,779	\$	2,131,674

The fair value of the REIT's accounts receivable and other receivables, cash held in trust, cash and accounts payable and other liabilities approximate their carrying amounts due to the relatively short periods to maturity of these financial instruments.

The fair value of the investments in equity securities has been determined based on the quoted prices on the principal securities exchange on which the majority of the trading occurs.

The fair values of preferred investments, notes receivable, derivative instruments, mortgages and loans payable, senior unsecured debentures and credit facilities have been determined by discounting the cash flows of these financial instruments using period end market rates for instruments of similar terms and credit risks.

Derivative instruments primarily consist of interest rate swaps. The REIT entered into interest rate swaps on a number of mortgages and the non-revolving credit facilities. The swaps are not designated in a hedge relationship.

Note 24. Subsequent events

The following events occurred subsequent to June 30, 2022:

- The REIT repaid two maturing mortgages on retail properties in the amount of \$28,859 and one maturing mortgage on an office property
 in the amount of \$15,075 (US\$11,648).
- The REIT drew a net balance of \$35,000 and repaid a net balance of \$3,883 (US \$3,000) on its revolving term credit facilities.
- The REIT purchased through the NCIB 2,700 Series A Units at a weighted-average price of \$24.46, 2,500 Series E Units at a weighted-average price of \$23.21 and 11,400 Series I Units at a weighted-average price of \$24.38.
